### VESSEL INFORMATION

Owner	Skår Senior AS, Norway		
Shipyard	Stadyard AS, Norway		
Hull Number	46		
Year Built	2021		
IMO Number	1620207		
Ship Design	Marin Teknikk AS, Norway		
Class	DNV Ice 1A1		
Engine	Diesel Engine		
Type: Yanmar &EY26AW    Power 1920 kW    RPM: 750			

### BRUNVOLL SUPPLY

Reduction Gear	ACG 600K / 4,74:1
PTO / PTI	PF 525
Propeller System	CP68/4, 3000 mm Ø
Nozzle	19A
Control System	Brunvoll Propulsion and Thruster Control
Thrusters	Bow: FU45 LTC 1375 - 460 kW Stern: FU45 LTC 1375 - 460 kW

### Diesel Mechanical Propulsion

A Diesel Mechanical configuration runs the propeller through a reduction gearbox, with or without a PTO. It is a system that can be driven either with a constant or with a slightly varying engine rpm, dependent on simultaneous running of an electric generator.

A diesel mechanical configuration is a simplistic and reliable system, suitable to all ship types with a narrow service profile.
