SNET RETIREES ASSOCIATION, INC

Fall 2021

AT&T Shares 2022 Life Insurance Changes & Health Care Benefit Details with Retiree Associations

By **JoAnn Alix Gagain**

On September 8th, I, along with other retiree association leaders, participated in a video conference call with the AT&T benefits team. I can share with you today some of the upcoming changes that could impact you and or your dependents.

As you know AT&T announced earlier this year changes regarding the life insurance and death benefit insurance will have a major change come January 1, 2022. No longer will the life insurance that was based on

your base salary and reduced as you aged be over any amounts other than \$15,000 for a management retiree and for a union retiree it will be **up to** \$ 25,000. As a union retiree if your life insurance is now below \$25K it will not be raised, that is the reason they say "**up to**". Additionally, if your surviving dependent were to receive the Death benefit insurance as well which was a year's salary that has been eliminated completely for all NON GRANDFATHERD RETIREES union and management.

None of the life insurance and death benefits changes apply to Grandfathered retirees.

AT&T indicated that they will have a one time offering for retirees who will see this change only to purchase supplemental life insurance at a reduced a rate during the enrollment this fall. You can purchase an amount that would equate to what you have currently excluding death benefit, and you can purchase a lower amount as

See "Benefit Details" On Page 3

PRESIDENT'S REPORT

By **JoAnn Alix-Gagain**

Over the past months along with the other retiree groups I have written to the Board of Directors, letters to newspaper editors, op ed articles, social media postings, and more to express what I see as a complete disregard of retirees and the commitments made to them regarding life insurance and death benefit provisions. I have personally stated to AT&T that I representing myself and the SRA will no longer be an "ambassador" for products, services, stock buying, nothing.

Bad business decisions are not the fault of the retirees, but clearly the fault of the AT&T executives, the Board of Directors (BOD) and those newer employees who are trying to make a name for themselves by looking our way.

The SRA will continue to vote our AT&T shares in the spring with a resounding **NO** relative to Executive Compensation plan proposals when the company's Annual Report is issued as we did this past April. (It was defeated by shareholders). We will vote NO to reelect any current Board of Director members as well. We will continue to use all avenues open to us as shareholders and I ask the same of you to express treatment of current retirees. All AT&T shareholders have the ability to write to the BOD expressing displeasure of the life insurance changes including the disparity of amount of insurance between union and management folks, reduction of stock dividends that is anticipated this year or service issues or costs of services, etc. Letter writing that is not uniform is far better than a universal message for everyone. You may say you don't have shares any more. Well, I doubt that in general because most of us have some investment funds and

in most cases those funds have AT&T shares, so therefore you are a shareholder. In this newsletter you will find the AT&T Board of Directors mailing info via USPS or internet. Please take a moment to express your dissatisfaction regarding the life insurance & death benefit elimination at this point of life and the ability to buy it at today's rates and at our ages. Unaffordable for most.

SRA remains financially sound with cash on hand and with our AT&T shares. We will continue with the publication of the newsletter twice a year and with emails and or mailings as required.

The Florida meetings in early 2022 have not yet been scheduled and normally we don't until closer to the end of the year. A lot will depend on the COVID virus and variants there. Will keep you posted.

The USPS publicly has acknowledged the length of time for receiving mail. We experienced first hand with the Annual Meeting notices. It really is also very cumbersome for me to try to find folks after they have moved and not updated their address with the SRA, and their mail forwarding services have expired from the P.O. I am listing SRA members in this newsletter who we have not been able to find (see page 13). If you know them, please have them get in touch with us with accurate mailing address, phone numbers and emails. Your help is appreciated.

The SRA Board of Directors continues willingly with our established roles in 2022. For me personally, I still enjoy the work that we do for our members. Sometimes very challenging. This year as an example, I was able to assist a person who left with a deferred pension and would receive it when turning age 65. AT&T (Fidelity) told the person for months they had no

record of her service, but yet they had sent a statement each year saying she did with the amount. Went all the way to the Pension Appeal Board and we were successful on her behalf. It took 8 months for resolution. Thank goodness for my CUTW bargaining MOU's. So, it's all kinds of issues for all folks who we worked with and their dependents. Some issues easier than others. It gives me great satisfaction.

Benefit enrollment periods are pretty much routine these days. The social media pages continue to send me over the edge at this time of the year. You need to do your own research as no one has your health or your money. Don't compare yourself to a friend or another retiree that you only know on Facebook. More bad info is out there than not. Being lazy can cost you, not them.

I have been very fortunate to work with the SRA Board of Directors for sometime now. My sincere thanks to each one of them and their commitment to help me in any way that I may ask or need.

In closing let me thank you our members too. I am sure some of you have had a difficult year and faced many challenges within your own families as well as the ongoing turmoil in our world. We worry about what will be next for ourselves or our grandkids. How will they ever make it is the reoccurring question. Well, we don't know, do we? What I do know is that if we continue to toss our American history out the window (good and bad) and in doing so disrespect those who gave their lives on our behalf we will become a third world nation and we will have nothing but memories.

May you always be blessed with faith, good health and joy.

"Benefit Details" From Page 1

well. You just can't go higher. The pricing goes up as you age. So, in 2022 I am 75 yrs. old the price is the same for all 75-year-old folks and that price is good for anyone who becomes 75 in the next 3 years. But in 2023 I am 76, I now move to that 76-age bracket for pricing. Just like any insurance it will go up in costs as aging occurs. AT&T will hand it all off to Metropolitan Life after enrollment who will be billing you and you will deal directly with them moving forward, not AT&T. Enrollment for this one-time offering is from Oct 11th through Nov 5th only. (No qualifying physicals)

If you purchased supplemental life insurance at retirement, coverage does end at age 65. This new offering will not.

I have seen some of the premium costing examples for this offering which is to be subsidized by AT&T for a period of time as they have said as well as stating the offering has reduced rates. I don't see it at all in my opinion. Research other options available to you if you really need to replace this loss. Talk to your financial planners to determine your need as well.

On to Medical. Non-grandfathered retirees can fall into one of two enrollment periods; Non-Medicare Oct 11th through Nov 5th and Medicare participants enrollment (by law) and is Oct 15 through Dec 7th.

In the health care arena, the AT&T Medical Advantage Plan (MAP) was offered for the first-time last year and will again be offered. This plan includes your Medicare provisions and additional medical and drug coverage with one card. The monthly premium for a retiree will remain at no cost. The dependents premium will be reduced from \$98. per month to \$ 88.per month. The plan's Tier

S.R.A. Response Team

The S.R.A. Response Team is active and ready to assist our members with problems relative to Health Benefits and Pension items.

Before placing a telephone call to a member of the Response Team, for assistance, be sure you have contacted the AT&T Benefits Center.

The S.R.A. Response Team Members ready to assist you are:

| | |
|--------------------------|----------------------------------|
| JoAnn Alix-Gagain | 203-758-2409 (jagagain@snet.net) |
| Frank Pagerino | 203-929-7487 |

4 drugs copay will change to a flat rate of \$95 (instead of up-front total costs until deductible is met) for a 30-day supply. That is a major change/improvement for those highly expensive drugs. AT&T will open websites / call centers on Oct 11th for dialog and or selection changes for the AT&T MAP advantage plan earlier and hold them until official enrollment periods. It will be in written materials that you will receive.

Care Plus will be available in 2022 at a cost of \$ 1 for retiree and \$3 each for dependents. There was an error in earlier materials that stated \$2 for dependents. All newer material will reflect the \$3 cost. If not enrolled in Care Plus yet you must enroll from Oct 11th through Nov 5th. If you receive a pension, check the Care Plus costs will be taken from your check; if no pension, check you will receive a bill.

AON will continue to administer the reimbursement accounts for retirees who have a medical or script plan through them. Retiree remains at \$2700 and dependent who is also on Medicare and selects a plan though AON remains at \$1500. Many plans will see a reduction or stay the same in their premium rates. (wow). Some

drug plans may be changing preferred retail pharmacies. Be sure to review that well and not just the premium price.

The reimbursement accounts are funded for coverage years of 2022 & 2023. No dialog /commitment beyond that from the company. Any money remaining in your accounts will be rolled over.

Grandfathered retirees and dependents will remain with current medical plans. Dental coverage & costing is dependent on the level of coverage you select. (3 to choose from)

Silver Sneakers will not be the offering in some plans in 2022 but will be replaced with a different program.

Each year I advise you to read everything have a highlighter to note important dates, mark your calendar to be prepared.

IF you do not want to change anything you do not have to do anything at all. Sit back ...

DO NOT get answers to your questions on social media pages. Different materials to different groups. Benefits are a big expense. Do you ask Facebook friends, fellow retirees at lunch how to spend your money? I doubt it. And everyone is not you or have your issues.

AT&T, Union Reach Agreement to Protect 29,000 Technician Jobs

By **Scott Moritz and Josh Eidelson, Bloomberg News**

AT&T Inc. and its largest union have settled a lawsuit that will protect at least 29,000 landline technician jobs until the end of 2023, according to the labor group.

In addition to the job protections, AT&T agreed to hire 6,000 customer service employees and make Martin Luther King Jr. Day a holiday for all union members, according to a memo seen by Bloomberg News. Other terms weren't immediately known.

The settlement is a win for the Communications Workers of America. AT&T has been in cost-cutting mode for some time, and has been spinning

off businesses and selling assets. The company eliminated 3,400 union jobs last year.

"We are glad we got this settled with AT&T, and we are very interested in getting to work on broadband build-out," said Beth Allen, a CWA spokeswoman.

For AT&T, the agreement ensures a crucial labor force, namely the network technicians needed to help the company reach its goal of adding 2.5 million new fiber broadband customers this year. The company had about 85,000 unionized employees at the end of January.

The company didn't have an immediate comment.

Social Security could get biggest cost-of-living increase in 40 years amid COVID-19 related inflation surge

By **Paul Davidson, USA TODAY**

After years of puny increases in their Social Security checks, older Americans will likely get the equivalent of a big raise next year.

The 68 million people -- including retirees, disabled people and others -- who rely on the benefits are likely to receive a 6% to 6.1% cost-of-living adjustment next year because of a COVID-19-related spike in inflation, according to the Senior Citizen League.

Such a rise would far outpace 1.4% average bumps in Social Security payments since 2010 and amount to the

largest increase since 1982, according to the Senior Citizen League.

For the average retiree who got a monthly check of \$1,559 this year, a 6% rise would increase that payment by \$93.54, to \$1,652.54, in 2022.

Next month, the Social Security Administration will announce its cost-of-living adjustment for 2022 based on average annual increases in the consumer price index for urban wage earners and clerical workers, or CPI-W, from July through September. The CPI-W largely reflects the broad CPI index the Labor Department reports each month.

Telephone Themed Quilt Donated

SRA member Sharen Clark was so very kind to donate a telephone themed quilt that she handmade. It was the grand prize at the SRA Annual Meeting and Picnic at Holiday Hill. Sharen has completed many quilts with different themes and given them willingly and generously to many families, friends and organizations. When she offered one of them to the SRA we were thrilled. Can't wait for next year!!!

Many thanks to Sharen and the winner was John Alexander.

The list below is of SRA Members who have had their SRA mailings returned to us as Unable to Forward by the Post Office; as well as emails that are no longer valid. If you are in contact with any of these retirees please ask them to email correct info to jagagain@snet.net or mail it to SRA @ 318 Central Rd Middlebury, CT 06762 Thanks for your help.

OR email address: g47603@att.com

In Memory Of...

The name of the retiree is not listed until the family officially reports the death to the company, so at times you will see a date of death that is months old. The death of an active employee or a retiree can be reported by calling the Fidelity Service Center at 1-800-416-2363 and then following the prompts.

TO THOSE WHO HAVE SERVED

There are not words big enough.

There is not a hug strong enough.

There is not a smile wide enough.

All I can offer is thank you.

You are my hero.

You are in my thoughts.

You are in my prayers.

For all you've done, thank you.
