

KANGAROO BEACH UNDERWATER DIORAMA

METHOD

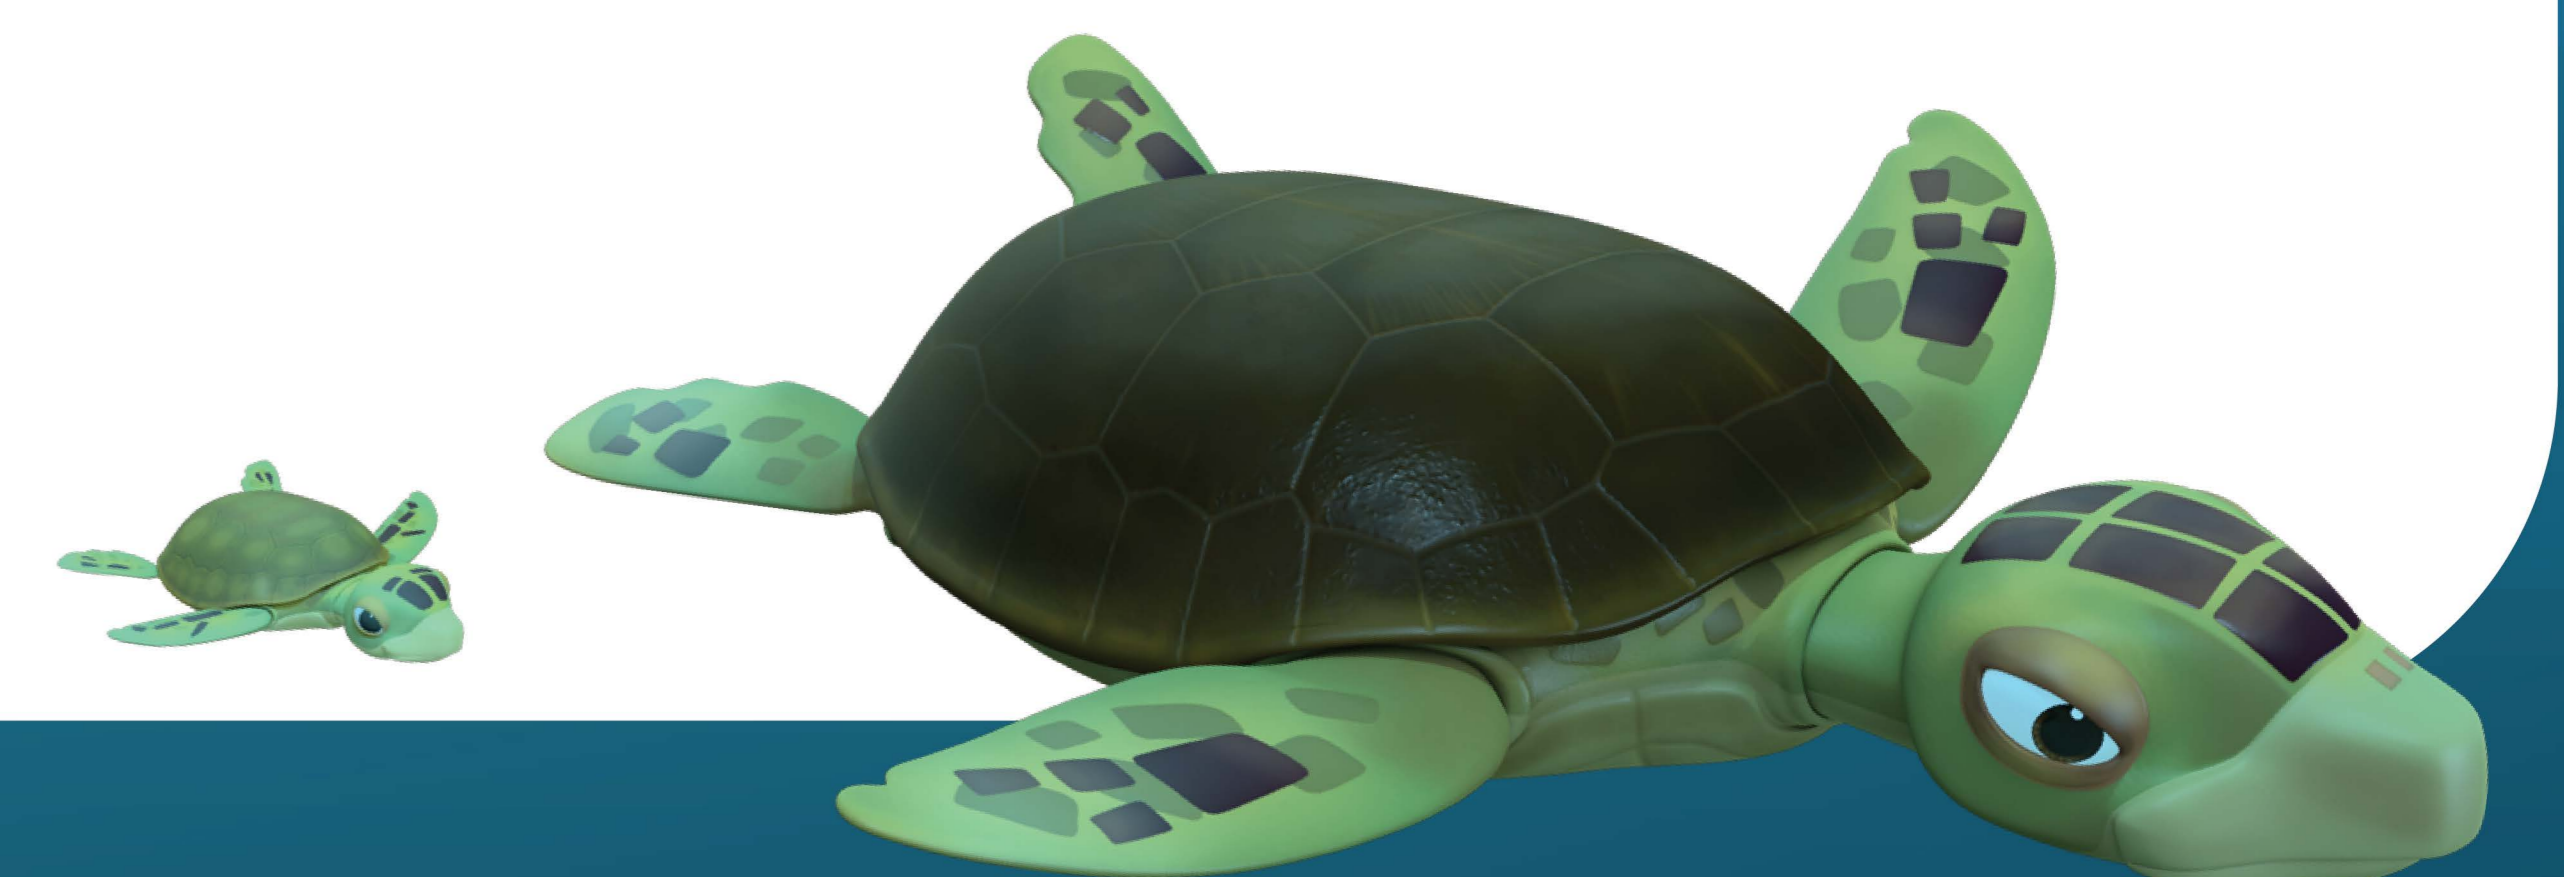

-  Carefully cut out the background and the Kangaroo Beach characters: Pounce, Neville, Frizzy, Gemma, and the turtle.
-  Take the lid off of your shoe box and set aside. Glue the background onto the back of the box.
-  Get a grown-up to carefully cut two slits at the top of the box (on the longer, horizontal side) from one end to the other. Be careful not to make the slits too wide.
-  Glue an ice-cream stick onto the back of each Christmas character. Make sure that a lot of the stick pokes out.
-  Slide the top of the ice-cream sticks through the slit at the top of the box.

Decorate the outside of the box with stickers and drawings. If you have glitter, give your diorama a touch of ocean sparkle! You can also decorate the inside of the box with seashells.

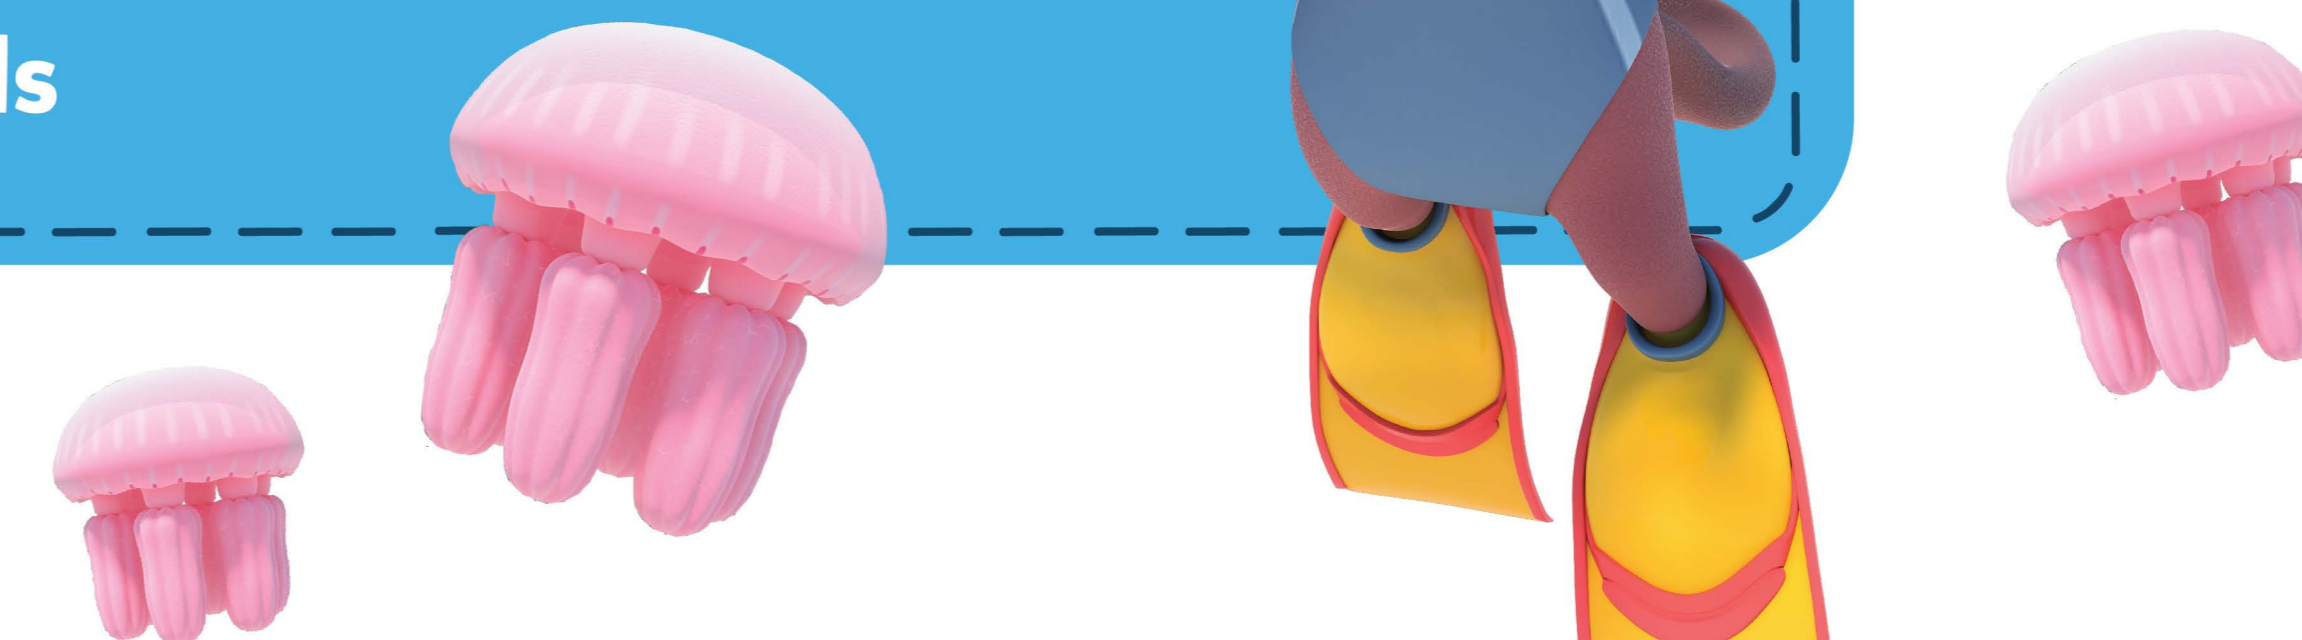

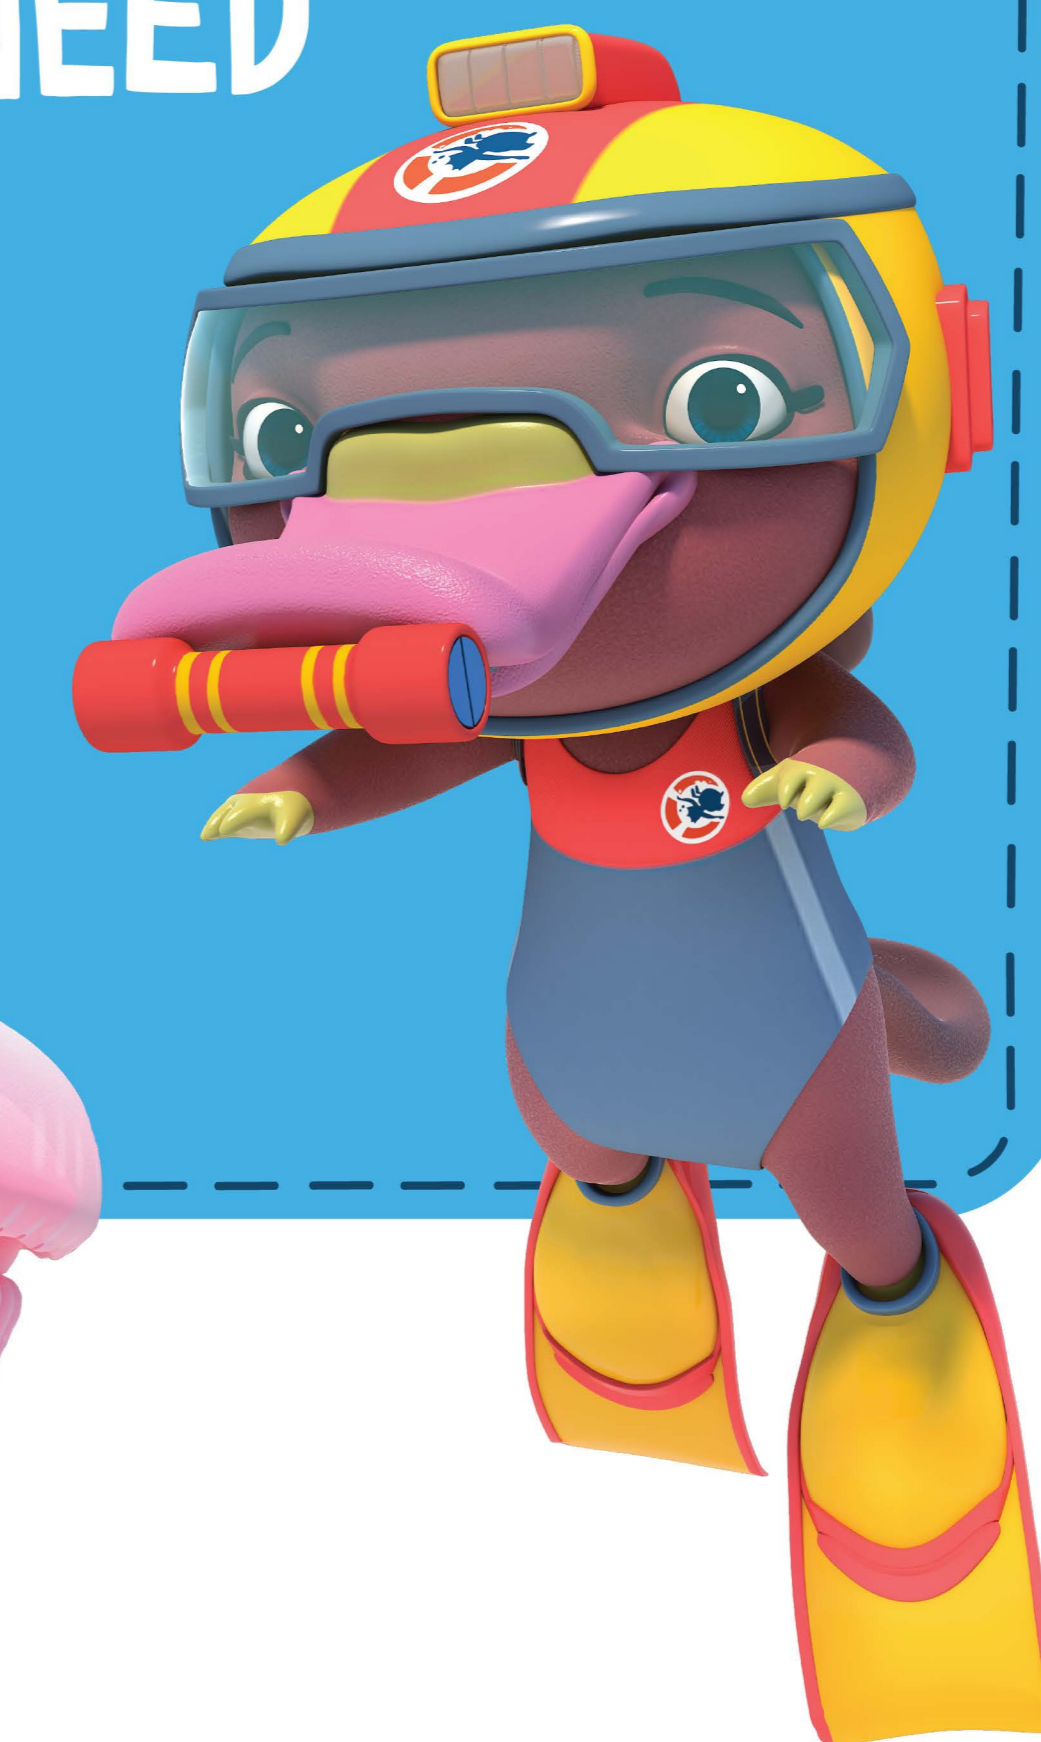

Finally - bring your favourite cadets to life on the underwater stage! Play, have fun and show your friends and family your new diorama!

WHAT YOU'LL NEED

- A grown up to help
- 5 ice-cream sticks
- Glue
- Scissors
- Shoe box
- Sea shells

Frizzy

Gemma

Pounce

Turtle

Neville
