## HELIOS

### 12 Cylinder Pack Cradle Systems

The ProRack HELIOS 12 cylinder pallet system is engineered to be a robust solution securing 12 high pressure cylinders on a pallet for easy transport via lift trucks or pallet jacks. The base utilizes grate material to eliminate any water puddling to inhibit rust. Cylinders are secured via heavy duty triangular steel restraints to account for any variation of cylinder diameters. The HELIOS is made with 2" steel square material with reinforced welds plates at the corners and has a solid cover for elements protection. All structural welds are visible for safety meeting the ten year exemption.

**Part Number**  
**AG-12A** | 12 Pack Helios, Powder Coat

### Helios Series Cradle System Features

- Perimeter frame design with all structural welds visible meeting the ten year exemption requirements
- Heavy duty triangular steel cylinder restraints for securing various unmatched cylinders
- Durable Hot dipped galvanized is standard for years of service life. Special order powder coat available upon request.
- All cylinders are secure during set-up
- Easy-access lift truck pockets from two sides
- Fully adjustable sliding manifold brackets makes manifold mounting convenient
- Solid cover for elements protection
- Medusa brass pipe, stainless steel pipe and specialty gas manifolds are available.

**Part Number**  
**AG-12AG** | 12 Pack Helios,  
Hot dipped galvanized

**ALL PRORACK CRADLES AND PALLETES ARE  
ENGINEERED TO EXCEED ASME BTH-1  
CALCULATIONS AND VERIFIED AND STAMPED  
BY THIRD PARTY ENGINEERING FIRM**

**12 Pack Design Capacity 3200 lbs  
2 to 1 Safety Factor**

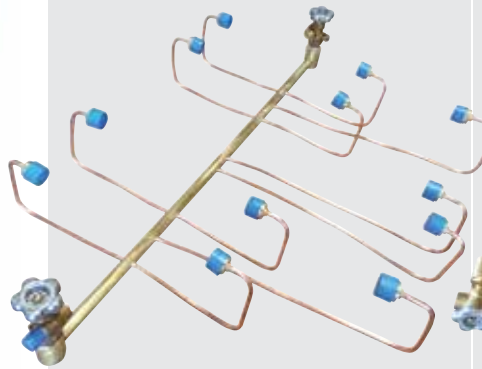

Helios Cradle	Ordering Chart				
#	"	W	H	D	lbs
AG-12A	12 Pack Helios, Powder Coat	42"	31"	75.5"	325 lbs
AG-12AG	12 Pack Helios, Hot Dipped Galvanized	42"	31"	75.5"	325 lbs

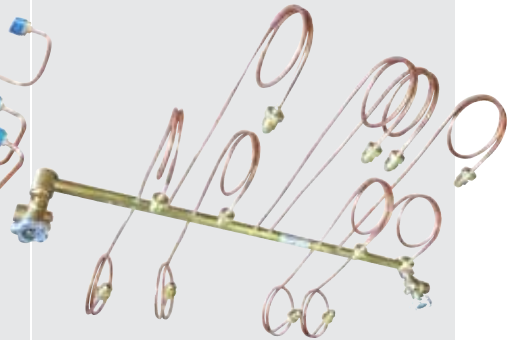

### Common Brass Manifold Options

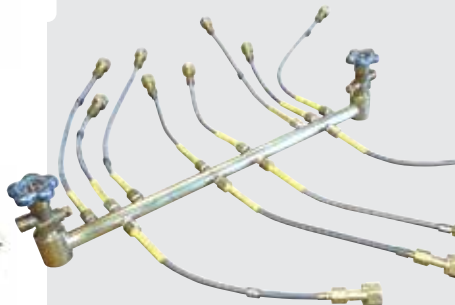

Copper Pigtails

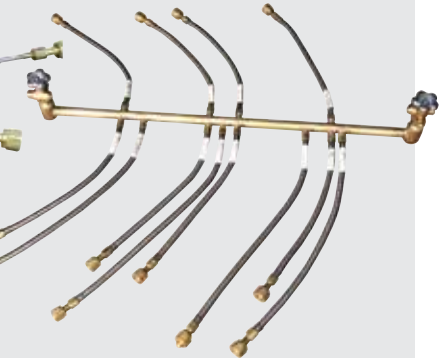

Single Loop Copper Pigtails

Flexible Hoses

Armor Case Flexible Hoses

See pages 29-40 for complete manifold specifications

**Part Number** | 12 Pack Helios, Hot dipped galvanized, Brass  
**AG12AG-912SL-XXXINRPV** | manifold with single loop copper pigtails

**Part Number** | 12 Pack Helios, Hot dipped galvanized, Brass  
**AG12AG-932-XXXINRPV** | manifold with single loop copper pigtails
