# MAPLEWAVE PLATFORM FOR PHARMACY

Solutions That Meet Pharmacy Owners' Unique Needs

PHARMACY-SPECIFIC INTERFACE

Our pharmacy POS is customized with a "fast cash" touchscreen to facilitate the rapid successive transactions that are common in pharmacy stores.

KEY INTEGRATIONS

Integrates with McKesson, PIN pads, gift cards, loyalty programs, bill payments, flyer pricing imports, Kroll POS scanning, receipt surveys, and national buying programs.

POWERFUL FEATURES

Expertly handles pharmacy inventory management, ordering, and promotions. Our system can even manage customer accounts, third-party financing, payments, and home health rentals.

BANNER-WIDE STANDARDIZATION

We can standardize your entire banner with a common setup based on banner product groupings or vendor banner catalogue. This simplifies your buying decisions and flyer program management.
