

SEABRIDGE GOLD'S POLICY STATEMENT ON DIVERSITY

(MAY 7, 2019 revised APRIL 28, 2021)

The Company is of the view that the board of directors' (Board) membership and the employment of executive management (Management) should be based on merit and remains committed to selecting the best qualified persons to the Board and Management. To be effective, members of the Board and Management must possess the qualities, skills and experience required to fulfil our obligations to all stakeholders. The Company believes that diversity is an important factor to ensure our directors, executives and workforce include persons with the range of perspectives, experience and expertise we require and has identified diversity as one of several factors to be considered in nominating or appointing directors to the Board and engaging and promoting executives in Management.

For the purposes of Board and Management composition, "diversity" includes gender, visible minorities, indigenous peoples, sexual orientation, gender identification, people with disabilities, and age. The Board recognizes that diversity combined with experience and perspective can contribute to insights and sensitivities useful to the Board's deliberations and to the management of our operations in order to meet the challenges and achieve success for the Company and all of its stakeholders. In addition, an appropriately diverse Board and Management will include persons who collectively have the broad range of specific skills, industry and professional experience required for the Board and Management to meet their varied responsibilities in the overall direction of the Company.

Board appointments and Management employment and promotion will be made based on the abilities, skills and experience the Company requires from time to time, recognizing that more diversity of Board and Management composition is intended to create a more effective Board, Management and workplace. The Company believes that the promotion of diversity will be enhanced by the combination of skills, industry and professional experience, cultural background and other qualities without focusing on a single diversity characteristic or a specific goal except for gender representation on the Board. Management aspires to achieve a goal by 2025 of 30% women directors on the Board and women executives in Management, respectively.
