

# BOOKING FORM

*RELICS: Bricks of the New World* is an immersive multimedia exhibition designed by LEGO Masters Series 2 Winners – Jackson Harvey & Alex Towler. The exhibition explores a dystopian world ravaged by humankind, and reinvented by LEGO minifigures. Exploring the timely themes of sustainability, adaptability, and diversity this exhibition is an investigation into the importance of play to creativity, challenging audiences to think differently about themselves and their place in the world.

Classes are invited to book a **FREE** self-guided tour to immerse themselves in the world of *RELICS*. Attending students will receive a *RELICS Workbook* filled with curriculum linked activities designed by creatives Cristy Burne and James Foley to connect them further with the exhibition and spark their imagination. This workbook is designed to be used during their exhibition tour and back in the classroom with corresponding videos available to access for further engagement.

*RELICS: Bricks of the New World* will be open for school groups **Monday to Friday, 23 Feb – 30 April 2021**, excluding school holidays. Three time slots are available each day; **10-11am, 11.30-12.30pm and 1-2pm**.
