10W-30 Euro Truck FA-4

Motor Oil for Trucks and Commercial Vehicles

DESCRIPTION

DEUTSCHÖL 10W-30 Euro Truck FA-4 is an Euro VI motor oil with high fuel saving potential, that can also be used in Euro V diesel engines. Exhaust after treatment systems like EGR, SCR and DPF are protected due to the low content of sulphate ash (Low SAPS).

Suited for fuels with a maximum sulphur content of 0.05 wt-%.

THIS PRODUCT IS RECOMMENDED BY DEUTSCHÖL IF THE FOLLOWING FILLING REQUIREMENTS ARE REQUIRED:

SAE 10W-30
API FA-4
MB 228.61

Detroit Diesel DDC 93K223
Cummins CES 20087

The information in this product data sheet is based on years of experience of our team and our partners. Our professional competence in the development and manufacturing of lubricants are based on the current state-of-the-art. Universally valid statements regarding the function of our lubricants are not possible, because the lubricant performance can be influenced by a series of factors. As a result, the lubricant filling process, the exact purpose of use, the general operating conditions, the system degree of wear and the system contamination etc. must be taken into account in particular in engines, machinery and equipment. The data given in this product data sheet represents general, non-binding guideline values. No warranty expressed or implied is given concerning the properties. We recommend to consult our team regarding the application conditions and requirements before the DEUTSCHÖL lubricant is used. The user should test the functional suitability of our lubricants in the intended application and use the product with the corresponding care and responsibility according to the manufacturer's specifications. Our products undergo continuous improvements. We therefore reserve the right to change our product program, the products and their manufacturing processes as well as all details at any time and without warning. Please note: Our products may not be used in aircraft and spacecraft or parts thereof.
