Take the N4 Toll road north west towards Rustenburg, Swartruggens, Groot Marico and Zeerust.

Once in Zeerust turn right where you have the ABSA bank on the corner to the left

Follow the R47/R49 towards the reserve for approximately 95km

NB. Please watch the speed limit when travelling through the small villages as there are a lot of speed traps along the R47/R49.

The first entrance to the reserve is Abjaterskop gate

Pass that gate and enter at the next gate – Wonderboom Gate exactly 7km from the first gate

Once you have gone through the boom there is a Bush House sign board about 300m along. Turn left in here and travel through our gate and follow the road to reception.

Please fill up with fuel in Zeerust as the small garages along the road to the Lodge do not always have stocks of fuel.
