hh2 Cloud Services® **Announces Remote Payroll, Credit Card Integration with Viewpoint Spectrum**

Customers Using Viewpoint's Recently Acquired Spectrum Accounting System Now Able To Use hh2 Remote Payroll And Credit Card Transaction Routing And Approval

SALT LAKE CITY, Aug. 20, 2017 – hh2 Cloud Services, a cloud-based construction software development company located in Kaysville, Utah (www.hh2.com), announces support for syncing data from Viewpoint Spectrum (formerly Dexter & Chaney Spectrum). Customers of the construction accounting system are now able to use hh2's Remote Payroll solution for entering employee labor time. In addition to this integration, customers can also integrate with hh2's credit card transaction routing and approval solution.

"We're so happy to be integrating with a company like Spectrum," said Devon Dorrity, president and CEO of hh2 Cloud Services. "Spectrum is an easy-to-use construction enterprise resource planning (ERP) system with intuitive tools to meet its customers' needs. hh2 is excited to integrate with Spectrum to provide our customers with a time entry solution that will benefit everyone involved."

On April 23, Trimble announced that it has entered into an agreement with Viewpoint to acquire the latter. For more information, visit www.Trimble.com.

To schedule a demo of hh2's software solutions, visit www.hh2.com or call 801-683-7869.

About hh2 Cloud Services: hh2 Cloud Services was formed in 2004 to create mobile solutions that were built to add mobility to standard construction work flows. Now, hh2 creates a broad range of cloud-based solutions for gathering and reporting on time, entering daily logs, managing human resources processes, accounts payable routing and approval, credit card routing and approval, service management, data aggregation and full featured accounting integration. For more information, please visit (www.hh2.com).
