OUR MISSION STATEMENT

The Florida Fury Hockey Foundation is dedicated to providing hockey programs focused on helping low-income and underprivileged youth of all ages and skill levels to learn the values of teamwork, sportsmanship, commitment, accountability, self-esteem, discipline, and responsibility. The underlying goal of our programs is to promote and instill these fundamental values within each individual to last for a lifetime.

PHILOSOPHY

The Florida Fury Hockey Foundation is committed to delivering the most comprehensive youth hockey programs available to all youth of all ages. The scope and depth of our programs is second to none in creating an atmosphere that will: foster player self-confidence, develop high self-esteem, and build strong character. We provide the most qualified professional staff available to instruct our players and offer state of the art programs that are designed for youth to learn and play the sport of ice hockey. All of our programs, regardless of level, are structured to provide players with the latitude for individual growth that will enable each participant to reach their maximum potential as an individual and help to prepare them to succeed in life's competitive environment.

DIVERSITY AND LOCATION

We believe in the importance of accountability in developing inclusivity and diversity for all youth in the South Florida community. We are confident we can inspire a new generation of diverse youth hockey players. Our initiative is to assist youth from minority and lower income communities. We want to give them a chance to hit the ice and develop an appreciation for the sport they might otherwise never experience. We are developing programs to assist the underprivileged youth and provide the funds for all costs to play hockey.

DONATIONS

Donations will go to low-income and underprivileged youth for rink costs, clinics and camp fees, travel costs, jersey costs, training costs, coach and administration costs and all equipment costs to play hockey.
