Declaration of operational compliance between Tigo's TS4 Module Platform and Hanwha Q Cells inverters

Tigo and Hanwha Q Cells are pleased to announce that the **Q.VOLT H Series inverters** are operationally compliant with the Tigo **TS4-A-O** and **TS4-A-S** MLPE.

The Q.VOLT H Series inverters may be used in grid-tied applications or with the **Q.HOME CORE** energy storage systems.

Tigo and Hanwha Q Cells have conducted testing and validated the effective performance of the systems together within standard testing environments. Warranties from Hanwha Q Cells and Tigo will remain valid if the design, installation, and operation requirements are followed for each product.
