Sightseeing

An advantage of our small island paradise is that visitors may safely explore the island and make their own discoveries by renting a car or Jeep (4x4). If interested in the natural attractions primarily found along Aruba's North Coast, where one must drive on rugged, dirt roads, not suitable for a regular car, a better choice may be in renting a four-wheel drive vehicle.

POPULAR LOCATIONS WHERE A 4X4 VEHICLE IS NECESSARY:

- ✓ Natural Pool
- ✓ Beach coves and sights along the North Coast
- ✓ Arikok National Park

POPULAR LOCATIONS A REGULAR CAR CAN ACCESS:

- ✓ Alto Vista Chapel
- ✓ Bushiribana Ruins
- ✓ Natural Bridge
- ✓ Hooiberg
- ✓ California Lighthouse
- ✓ Beaches alongside the western coast
- ✓ Baby Beach/Rodger's Beach/Seroe Colorado

Please note that the use of cars or other motorized vehicles on Aruba's sand dunes and beaches is strictly prohibited.

Driving Aruba's Roads

A valid international driver's license is required to rent a car and drive in Aruba.

Drivers must be at least 25 years old in order to rent a car.

Driving Tips:

- Drive on the right side of road.
- Unless otherwise indicated, the speed limit in urban areas is 50 km/h, outside town limits and on the major roads (L.G. Smith Blvd and Sasaki Highway) the speed limit is 80 km/h.
- Car speedometers and road signs are in kilometers (not miles).
- In downtown Oranjestad, many streets are one-way.
- Downtown Oranjestad parking requires payment of a parking fee. Public parking spaces are indicated by white lines along parking spaces. (Yellow-painted lines along parking spaces are reserved for permit holders). The parking fee can be paid at nearby kiosks by cash, credit card or through Setar's downloadable 'pay.aw' app. Paid parking is in effect from Monday through Saturday, 9 a.m. – 7 p.m., unless otherwise noted. For more information, please visit the Arubaparking website of aruparking.com.
- When driving on a two-lane street, you must drive in the right-hand lane and only use the left lane when overtaking traffic.
- There are many roundabouts in Aruba. It is important to note that traffic driving in the roundabout has the right of way and all traffic approaching the roundabout must yield to this traffic and wait for an opening.
- There are no right turns on red.
- When approaching an intersection with no road signs, traffic on your right side always has the right of way.
- When turning left at an intersection the opposing traffic heading towards you has the right of way.
- When at the gas station you will find attendants that are available to pump gas for you. Some gas stations also include self-service, please note you will need to pay inside first before being able to pump gas.
- When driving on wet roads reduce your speed and use extra caution. Because rainfall is only an occasional occurrence, roads can accumulate an oil buildup, making for slippery conditions when wet.

For up to date and official confirmation of traffic and driving laws in Aruba, please contact the Police Department at Tel: 582-4000.
