Benefits of the Programme

4NGELS activities will focus on identifying and proposing practical solutions to eliminate obstacles for cross-border angel investments, increase investors knowledge and bring education about foreign markets. Various activities will serve investors to exchange experiences, network with each other and transfer knowledge among participants. Investors will also have a chance to acquire international dealflow and co-invest with other participants. On the other hand, 4NGELS will include startups participation in training and pitching events, preparing them for international funding rounds with BA.

Activities dedicated to 4NGELS participants

Cross-border online pitching events with selected startups from 4 countries

Cross-border Investment Guidebook, covering 4NGELS markets specifics, ecosystem stakeholders mapping and more

Study visits for angels in 4 partners' countries to get to know local angels

Online **investors trainings & experience sharing** sessions, supplementing knowledge in the field of investments

Participation in **biggest startup events in 4 countries** in order to acquire knowledge about the markets and startups

Opportunity to participate in **cross-border pilot syndicates**, organized by 4NGELS

Timeline & updates

The program will begin in early 2023 and consists of 4 cross-border batches over two years. Each batch will focus on one of 4 markets at a time. You can join all half-year' training batches or the ones you are the most interested in. Joining the program is free of charge and does not come with any obligations. We will inform you of further updates regarding the timeline and the program.
