

NDX 2

Streamlined connectivity from an exceptionally engaging network player

Enjoy superb sound quality streaming wirelessly from almost any source, including Chromecast built-in, Spotify, Tidal, AirPlay and Apple Music and Bluetooth AptX HD. With its world-class performance, the versatile and upgradable NDX 2 embodies the current state of the art.

Key Features

Easily control and update your player via the Naim App, with a large, full-colour display adding to the great user experience. (Don't like displays? You can turn it off if you prefer!) It's also Roon Ready.

The included bi-directional Zigbee-compatible remote control requires no line of sight to function.

Uses Naim's bespoke, state-of-the-art streaming platform, plus an upgraded DAC and discrete analogue stages. These and numerous other improvements over its acclaimed predecessor make the NDX 2 a sonic force to be reckoned with, offering highly immersive and lively replay quality.

UPnP-enabled to allow streaming of audio files at up to 32bit/384kHz resolution from Naim Audio hard disk servers, network-attached storage (NAS) devices or any home computer.

Four 24bit/192kHz capable digital inputs (S/PDIF) to support optimum connection to external sources, including portable music players and USB storage.

Multi-room & Party Mode compatible – link with other Naim systems and enjoy amazing sound in up to six rooms.

Awards and Reviews

'...The superior sound quality delivered by those HD tracks was unmistakable with the NDX 2, and the higher rate DSD is beginning to show the advantages of versatile streaming replay versus plain CD. It also shows how the NDX 2 is able to reveal clearly these sound quality differences...' HiFi Critic

Technical Specifications

Inputs	2 x Optical TOSLink (up to 24bit/96kHz) 1 x Coaxial RCA (up to 24bit/192kHz, DoP 64Fs) 1 x Coaxial BNC (up to 24bit/192kHz, DoP 64Fs) 2 x USB Type A socket 1.6A charge
Dimensions	87mm x 432mm x 314mm (HxWxD) 3.42" x 17.00" x 12.362" (HxWxD)
Weight	10 kg 22 lbs
Supplied with	Zigbee® remote (inc. batteries), Power-Line Lite cable (UK denominations only), Burndy link plug, 5-pin DIN interconnect cable, BNC to RCA adaptor, Wi-Fi (x2) and Bluetooth antennae, cleaning cloth, Quick Start Guide
Analogue Audio Outputs	1 x 5-pin DIN 1 x RCA pair
Audio Formats	WAV - up to 32bits/384kHz FLAC and AIFF - up to 24bit/384kHz ALAC (Apple Lossless) - up to 24bit/384kHz MP3 & AAC - up to 48kHz, 320kbit (16 bit) OGG and WMA - up to 48kHz (16 bit) DSD - 64 and 128Fs
Network Connectivity	Ethernet (10/100Mbps), WiFi (802.11 b/g/n/ac with external antennae)

Upgrade Options

555 PS DR power supply

Features all-new Discrete Regulator (DR) configuration, delivering Naim Audio's best-ever standards of stable, low-noise power.

Super Lumina interconnect cable

Super Lumina interconnects are designed to minimise the effect of external and internal interference sources and preserve maximum signal fidelity.
