Washington International School

Bilingual Summer Camp

华盛顿国际学校 快乐双语暑期班

Introduction (简介)

Monday through Friday, weekly and daily options

1). School age students (ages 6 – 9):

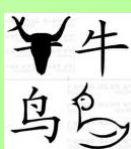

Lessons are Chinese language and culture related. All levels are welcome! In addition to Chinese reading and writing, children will have fun everyday with our exciting activities such as stories, arts and crafts, games, music, drama, dance, multicultural cooking projects and parties. Our goal is not just learning Chinese, but to make learning Chinese enjoyable!

- ❖ This age group is only available at our **full-day** summer camp site
- ❖ **Music and Art** lessons taught by specialty teachers are offered at additional \$22/week each.

2). Preschoolers (ages 2 - 5):

Children at this age are especially gifted with their sensitive hearing and ability to imitate. Now is the best time to pick up a language! This is a fun program filled with songs, stories, games, play, friends, and laughter. Performance arts and crafts are intergraded into daily activities. Children will be immersed in our Chinese-English bilingual environment, naturally pick up both languages, and surprise you with their amazing language ability! The program also builds a strong foundation to prepare the older students for kindergarten. No Chinese language background is needed prior to enrollment. Teachers will provide any necessary translation to new children to help them understand the lessons.

- ❖ Available at both **full-day** and **half-day** locations.
- ❖ **Music, Art, and Tumble Bus** taught by specialty teachers are for full-day camp only. Each is additional \$22/week.
- ❖ Since it takes longer for younger children to overcome separation anxiety, the minimum attendance is 4 consecutive weeks for children of age 2.
