Complete this form to establish an automatic required minimum distribution (RMD) program on your Pacific Funds Traditional, SEP-IRA, SAR-SEP, or SIMPLE IRA. If you currently receive Required Minimum Distribution ("RMD") payments and you do not want to make any changes to the amount or payment schedule, or if you have already satisfied your annual RMD, you DO NOT need to complete or return this form. Failure to withdraw your RMD amount by the applicable deadline date could result in a 50% penalty tax. The tax penalty would be assessed on the difference between the amount that you were required to take and the amount actually distributed, if any. Shares recently purchased may not be available to withdraw for up to 15 business days following the purchase date. Consult your tax or financial advisor for information regarding distributions and taxation. For questions regarding this form, call (800) 722-2333.

Daytime Telephone Number

Shareholder Name _____

2. Calculation Method

Your RMD amount is calculated in accordance with Internal Revenue Service ("IRS") regulations. The regulations are explained in IRS Publication 590-B, Distributions from Individual Retirement Arrangements (IRAs), which includes the life expectancy tables used to calculate RMD amounts.

Your RMD will be calculated based on the Uniform Lifetime Table, unless the following exception applies to you and you have indicated so by checking the box below.

- My sole primary beneficiary is my spouse who is more than 10 years younger than I am. I elect to calculate my RMD based on the Joint and Last Survivor Expectancy Table.

Spouse's Date of Birth: ____ / ____ / ____

3. Distribution Type

If you were born on or after July 1, 1949, but not later than December 31, 1949, your first RMD year is calendar year 2021. You may take your 2021 RMD by December 31, 2021, or you may defer your 2021 RMD until 2022. If you decide to take your 2021 RMD in 2022, you must do so no later than April 1, 2022. However, electing to defer your 2021 RMD until 2022 will result in two taxable distributions in 2022. If you were born on or before June 30, 1949, your 2021 RMD must be distributed by December 31, 2021.

5. Tax Withholding

A. Federal Withholding

Distributions from IRAs and qualified retirement plans that are not eligible for rollover are subject to federal income tax withholding unless you affirmatively elect NOT to have withholding apply to such payments. Generally, such distributions are subject to 10% withholding unless you elect to have an additional amount withheld or elect to have no withholding. You may make a withholding election by selecting one of the options below. Your election will remain in effect for any subsequent distributions unless you change or revoke it by providing us with a new election.

Select one:

- I elect **TO NOT** have federal income tax withheld. (This option is only available for accounts registered with an address in the United States.)
 Withhold 10% federal income tax
 Withholding _____ % federal income tax (must be greater than 10%)

Federal income tax will be withheld from any distribution subject to the IRS withholding rules if you do not complete and return this election or if you have not previously elected out of withholding. Tax will be withheld on the gross amount of these payments even though you may be receiving amounts that are not subject to withholding because they are excluded from gross income. This withholding procedure may result in excess withholding on the payments.

B. State Withholding

Your state of residence will determine your state income tax withholding requirements, if any. Those states with mandatory withholding will require state income tax to be withheld from payments if federal income taxes are withheld or may mandate a fixed amount regardless of your federal tax election. Voluntary states let individuals determine whether they want state taxes withheld. Some states have no income tax on retirement payments. Please consult with a tax advisor or your state's tax authority for additional information on your state requirements.

- Do not withhold (only for residents of states that do not require mandatory state tax withholding).
 I elect **TO** have the following dollar amount or percentage from my retirement account distribution withheld for state income taxes (for residents of states that allow voluntary state tax withholding).

\$ _____ or _____ %
