Trail commission is earned immediately and paid after the next full calendar quarter end. The shares can be exchanged to other funds within the same share class, at which time the applicable sales charge schedule will be applied. Clients can pay lower sales charges by reaching higher breakpoints through rights of accumulation or a letter of intent. It is important to ensure that you provide the appropriate breakpoint for your clients in accordance with FINRA requirements.

¹The contingent deferred sales charge (CDSC) may be applied on withdrawals of shares (where a front-end sales charge was not paid) made within one year of purchase. The amount of trail commission earned is based on the date the money is received by Pacific Funds. A purchase made to an account 1/1/07 or after will earn a trail of 0.25%. Purchases made prior to 1/1/07 will earn a trail of 0.35%.
