

COLIVING AWARDS

Application Guide 2023

Coliving Awards is the first award ceremony dedicated to highlighting key innovators, actors and ideas that are shaping the coliving industry.

If you are reading this guide, you are most likely considering and already preparing your application to the Coliving Awards 2024. It is imperative that you follow the instructions and requirements in order to prove your eligibility and position within the competition.

Thank you for joining us on this journey. We look forward to receiving your application and of course wish you the best of luck!

For Frequently Asked Questions, please check our [FAQ page](#).

For any further questions or queries, you can send us an email to connect@colivingawards.com.

Eligibility, Criteria & Process

Phase 1: Eligibility

In phase one, all applications will be reviewed by our internal team to make sure that all criteria are being met. During the eligibility phase our team will not judge or give a specific score to your application. We will simply make sure that the specific set of criteria are well represented in the deliverables from each applicant.

The criteria for each category includes a checklist and a set of relevant questions which need to be answered within the application and presentation in order to qualify. Please note that applications that do not directly respond to the criteria checklist and application questions and are not written in English will not be eligible to be evaluated by our lead judge and jury panel.

Phase 2: Evaluation from Lead Judge (Criteria & Evaluation Questions)

After our team reviews the applications for eligibility, our lead judge will evaluate all eligible presentations from his / her own category for phase two. According to the criteria checklist and required answers to respective questions, our lead judge will give a score for each application, which will result in the selection of maximum 4 finalists and 1 or more honourable mentions.

Phase 3: Jury Panel & Public Vote

Further evaluation by the whole jury panel will also be based on the set criteria and respective questions, and our wider jury panel will be responsible for nominating the winners of each category, alongside the public vote and the previous scores from each jury member.

Transparent Voting Procedure

Our voting system is based on the combination of different voting power percentages, accounting for: the expertise based evaluation by our lead jury member (35%), a congregate of votes by the jury panel (30%) and a public vote by industry stakeholders and audience through LinkedIn (35%).

The audience vote remains visible for the public to follow throughout the process, however the final results will be disclosed during the awards ceremony.

Nomad Coliving

Facilitating the remote work movement and lifestyle

Category Description

Digital nomads, freelancers, remote workers and 'slowmads' seek places to live and work that cater to their mobile lifestyles. Wanting to move on from the typical hostel or hotel experience, they are looking for workations, coworking and coliving hubs, a few weeks on a 'nomad cruise' and other options around the world that respond to their flexible jet setting lifestyle. This category will showcase the nomad coliving spaces that best cater to these needs, while considering the cultures of local areas, as well as the impact their space has on their neighbourhoods, communities, villages and the planet.

For whom?

Workations, rural coworking and coliving hubs, digital nomad retreats, pop-up coliving spaces and other shared living brands and communities specifically targeting digital nomads

Eligibility checklist

Your application will be considered eligible according to the criteria below:

- 1) **Relevant & in operations:** your shared living brand is dedicated to digital nomads and remote workers and strongly considers their needs, budgets and interests and is currently in operations.
- 2) **Branding & marketing:** your nomad coliving business has a timeless and engaging brand with strong communications and marketing strategies.
- 3) **Spatial design & architecture:** your nomad coliving building(s) consider(s) the latest within sustainable and state-of-the-art spatial design and architecture and the lifestyles of digital nomads and remote workers.
- 4) **Impact & sustainability:** your nomad coliving brand embeds social, environmental and economic impact and sustainability into the core of its business, designs, experience and operations.
- 5) **User & community experience:** your nomad coliving community has a strong user and community experience and that experience is reflected through high customer satisfaction metrics.

Evaluation questions

Besides the relevant information supporting the eligibility criteria, we have designed a set of questions that supports each of the evaluation points accordingly. Please make sure to answer each of these questions in your presentation in order to be eligible and properly evaluated by our lead judge and jury panel.

- 1) **Relevant & in operations:** How does your nomad coliving brand and community reflect the interests and needs of digital nomads and remote workers?
- 2) **Branding & marketing:** What is / what has been your marketing, communications and branding process and strategy? What are some of the innovative marketing, communications and branding techniques you use as a nomad coliving brand?
- 3) **Spatial design & architecture:** What are the innovative / sustainable building, design, construction and technology methods used for your building(s)? How does your spatial design foster wellbeing, social interaction and community engagement?
- 4) **Impact & sustainability:** How do you embed social, environmental and economic impact into your nomad coliving business, operations and community management? How does your nomad coliving brand and community engage with local communities / neighbours? How does your business measure and report on its impact and sustainability?
- 5) **User & community experience:** How do you foster authentic engagement, social interaction and a strong user and community experience between residents? How do you measure customer satisfaction, resident engagement and user and community experience? Please provide us with specific user data and insights (e.g. impact measures, testimonials, NPS scores, referral rates, retention rates, etc.)
