Schedule 1 - DATA SHARING AGREEMENT (16)

Schedule 2 - DATA PROCESSING AGREEMENT (26)

FRAMEWORK TERMS

Introduction

These Ve Framework terms and conditions ("**Framework**") govern your access to and use of the Service Offerings (as defined below) and create a legally binding agreement between Ve Global UK Limited (Company No. 10706696) whose registered office is at 77 Leadenhall Street London EC3A 3DE ("**Ve**," "**we**," "**us**," or "**our**", "**Supplier**") and you or the entity you represent ("**you**", "**Customer**", or "**Client**").

Recitals

- (A) **Creating an Account and signing up to this Framework**
This Framework shall take effect when you create an Account with us or when you sign (or otherwise indicate your agreement to) an Order, whichever occurs first.
- (B) **Ordering a Service Offering**
When you place an Order you will be presented with a description of the Service Offering and key commercial terms such as the price and subscription period as set out in the Order (except under a free trial as described in introductory paragraph (F) below, in which case the Order will not apply until the free trial is over). This Framework, together with each Order, Policies and/or descriptions of our Service Offerings on the Platform, creates an "**Agreement**". The Agreement shall take effect on the date that you: (i) click the "I agree to Ve's Order" (or words to that effect) button or check box presented with the Order or otherwise indicate your agreement to the Order; or (ii) on agreement of your Order via email or hard copy signature; or (iii) when you use any relevant Service Offering, whichever is the earliest ("**Effective Date**"). Each Agreement forms a separate and independent contract for the relevant Service Offering.
- (C) **Precedence**
If there is a conflict between any part of an Agreement, the following order of precedence will apply: (i) the main body of an Order; (ii) any addendum, annex or schedule to that Order; (iii) this Framework; (iv) our Policies; and (v) descriptions of our Service Offerings on the Platform.
- (D) **Authority to bind**
When entering into this Framework or an Agreement with us, you represent to us that you are lawfully able to enter into contracts (e.g. you are not a minor). If you are entering into this Framework or any Agreement on behalf of an entity, such as the company you work for, you represent to us that you have legal authority, power and right to bind that entity. If you (or, if relevant, the entity on whose behalf you are acting) do not agree to all of these terms or the terms of an Agreement (or if you do not have the right to bind the entity on whose behalf you are acting), you should not click the "Click here to accept our terms and conditions" (or words to that effect) button or check box and proceed further or start using the Service Offerings.
- (E) **Definitions**
Please see the Appendix for definitions of certain capitalised terms used in this Framework. Capitalised terms used herein but not defined herein shall have the meanings set forth in the Order.
- (F) **Free Trial**
If you are using a Service Offering under a trial, instead of the Order applying this paragraph F will apply and, in the event of any inconsistency, this paragraph F takes precedence over the remainder of any Agreement and in particular any warranties, promises and/or terms purporting to limit liability. You acknowledge that a trial Service Offering is (unless otherwise agreed between us in writing) provided free of charge for a trial period. Accordingly, and subject to clause 12.1, we shall not be liable to you (whether for breach of contract, negligence, misrepresentation or for any other reason) for any loss or damage whatsoever incurred or sustained by you in connection with the Agreement and/or use of a trial Service Offering whether such loss or damage is direct, indirect or consequential and including, without limitation (direct and indirect): (i) loss of profit; (ii) loss of

business; (iii) lost data; (iv) work delays; and (v) wasted staff or management time. Each trial Service Offering is provided "as is" with no warranties, undertakings, conditions or terms of any kind, whether express or implied, statutory or otherwise. In particular, no condition, warranty, representation and/or other term is given or entered into to the effect that the trial Service Offering will be of satisfactory (or other) quality, that it will be fit for any particular purpose (whether made known to us or not), that use of the trial Service Offering will be uninterrupted or error-free, or that it will perform to or operate in accordance with any particular standard. **On expiration of any free trial period, you will be automatically signed up on a fee-paying basis for that Service Offering, unless we receive notice from you in writing to the contrary prior to expiration of the free trial period.**

1. Use of our Service Offerings

- 1.1 Generally. You may access and use the Service Offerings in accordance with the Agreement. You will adhere to all laws, rules, and regulations applicable to your use of the Service Offerings, including the Policies.
- 1.2 Your Account. To access the Service Offerings, you must create an Account associated with a valid e-mail address and sign up to this Framework. Unless explicitly permitted by the Order, you may only create one Account per email address. You warrant that all information you provide to us when registering an Account is true and accurate. You must ensure your Account is updated with any relevant changes. We reserve the right in our absolute discretion to refuse to register an Account for any given prospective user. You are responsible for protecting your Account login details and all activities that occur under your Account, regardless of whether the activities are undertaken by you, your employees or a third party (including your contractors or agents) and, except to the extent caused by our breach of the Agreement, we and our affiliates are not responsible for unauthorised access to your Account or any loss or damage that may result therefrom. You will contact us immediately if you believe an unauthorised third party may be using your Account or if your Account information is lost or stolen. You may terminate your Account and any Agreement in accordance with clause 7.
- 1.3 Third Party Content. Third Party Content, such as software applications provided by third parties, may be made available directly to you by other companies or individuals under separate terms and conditions, including separate fees and charges. Because we may not have tested or screened the Third-Party Content, your use of any Third Party Content is at your sole risk.

2. Changes.

- 2.1 To the Service Offerings. We may change, discontinue, or deprecate any of the Service Offerings (including the Service Offerings as a whole), or change or remove features or functionality of the Service Offerings from time to time. We will notify you of any material change to or discontinuation of the Service Offerings through our Platform or through other reasonable means.
- 2.2 **To this Framework. We may change, discontinue or add to this Framework and other documents referenced in the Agreement from time to time. When we do we will revise the "last updated" date given above. It is your responsibility to review the Framework frequently and to remain informed of any changes to it. The then-current version of the Framework will supersede all earlier versions. You agree that your continued use of our Service Offerings after such changes have been published will constitute your acceptance of such revised Framework. We will provide advance notice of this wherever practicable and will notify you of any material change to the Framework through our Platform or through other reasonable means.**

3. Security and Data.

- 3.1 In this Framework and each Agreement, references to "controller", "data subject", "personal data", "personal data breach", "processor" and "processing" have the meanings set out in the GDPR (and "process" and "processed" shall be construed accordingly).

Where we are a Controller in our own right of the data that we collect, the data sharing agreement set out at Schedule 1 below will apply.
- 3.6 Where we are a Processor, the data processing agreement set out in Schedule 2 below will apply. The aforementioned data processing agreement shall only apply to the extent that we are a Processor of the data that we collect for the Service Offering in question. For details of where we are a Processor, please see our guidance here.
- 3.7 **You agree that you are responsible for obtaining consent from the Data Subject for: (i) any cookies or similar technologies that we deposit and use to collect data from Your Website(s); and (ii) any consents necessary for marketing and advertising including without limitation unsolicited direct marketing. As such, you undertake to:**
- (a) to obtain, and on reasonable request evidence, any and all marketing permissions and other consents that are required to enable us to provide the relevant Service Offerings, including (but not limited to) in respect of cookies that we use and electronic marketing that we send on your behalf, in a manner that is compliant with applicable Data Protection Legislation;**
 - (b) to have in place and, on reasonable request evidence, in respect of Digital Properties that you operate through which we collect personal data, appropriate mechanisms, compliant with Data Protection Legislation, for obtaining any and all permissions and other consents that are required for the collection of personal data for the purposes used by us as set out in our Privacy Policy and each Agreement;**
 - (c) to ensure, in respect of Digital Properties that you operate through which we collect personal data, that you have a privacy notice that complies with Data Protection Legislation and, in particular, expressly names Ve Global as a party for whom, and by whom, personal data is collected through your Digital Properties, including a clear link to our Privacy Policy (to help end users understand who we are and what we do); and**

4. Your Responsibilities

- 4.1 Your Content. Without prejudice to clause 3 in relation to personal data, you are solely responsible for the

provision, development, content, operation, maintenance, and use of Your Content. For example, you are solely responsible for: (a) the technical operation of Your Content; (b) the compliance of Your Content with the Policies and applicable law; (c) ensuring Your Content is accurate and kept up to date; (d) any claims relating to Your Content; and (e) properly handling and processing notices sent to you (or any of your affiliates) by any person claiming that Your Content violates such person's rights.

- 4.2 Other Security and Backup. You are responsible for properly configuring and using the Service Offerings and taking your own steps to maintain appropriate security, protection and backup of Your Content, which may include the use of encryption technology to protect Your Content from unauthorised access and routine archiving Your Content. Your Account log-in credentials and private keys generated by the Service Offerings are for your internal use only and you may not sell, transfer or sublicense them to any other entity or person, except that you may disclose your private key to your agents and subcontractors performing work on your behalf.
- 4.3 End User Violations. You will be deemed to have taken any action that you permit, assist or facilitate any person or entity to take related to the Agreement, Your Content or use of the Service Offerings, including by End Users. You are responsible for End Users' use of Your Content and the Service Offerings. You will ensure that all End Users comply with your obligations under the Agreement and that the terms of your agreement with each End User are consistent with the Agreement. If you become aware of any violation of your obligations under the Agreement by an End User, you will immediately terminate such End User's access to Your Content and the Service Offerings.
- 4.4 End User Support. You are responsible for providing customer service (if any) to End Users.
- 4.5 Traffic. You acknowledge that we do not guarantee traffic to your website and that you are solely responsible for generating traffic.
- 4.6 You will not, for the duration of this Framework, and for a period of 12 months following termination, directly or indirectly induce or attempt to induce any employee of ours of senior or management level who has been engaged in the provision, receipt, review or management of the Service Offerings or otherwise in connection with this Framework to leave our employment.

5. Fees and Payment

- 5.1 Fees. Your payment account will be managed via our Platform. We calculate and invoice Fees monthly. We may invoice you more frequently for Fees accrued if we suspect that your Account is fraudulent or at risk of non-payment. You will pay us the applicable Fees for use of the Service Offerings as described on our Platform and/or the Order (as applicable) in full and cleared funds, upon receipt of invoice, to a bank account nominated by us or using one of the payment methods we support. Fees for any new Service Offering or new feature of a Service Offering will be effective when we post updated Fees on the Platform unless we expressly state otherwise in a notice. We may increase or add new Fees annually during the Term by a percentage of no more than ten percent (10%) for any existing Service Offerings by giving you at least 30 days' written notice. If you do not notify us of your intention to terminate the affected Service Offering within 30 days of the notification of the proposed increase you will be deemed to have accepted the increase. We may charge you interest on all late payments at the rate of 4% over the then current base lending rate of the Bank of England at the date the relevant invoice was issued, commencing on the due date and continuing until fully paid, whether before or after judgment, without prejudice to any other right or remedy we may have.
- 5.2 Taxes. All Fees payable by you are exclusive of applicable taxes and duties, including VAT and applicable sales tax. You will provide us any information we reasonably request to determine whether we are obligated to collect VAT from you, including your VAT identification number. If any deduction or withholding is required by law, you will notify us and will pay us any additional amounts necessary to ensure that the net amount that we receive, after any deduction and withholding, equals the amount we would have received if no deduction or withholding had been required. Additionally, you will provide us with documentation showing that the withheld and deducted amounts have been paid to the relevant taxing authority.

5.3 We collate details of transactions relating to our Service Offerings on the Platform, and invoice for those transactions on a monthly basis in accordance with clause 5.1. You may log into your Account at any time to review details of those transactions. If you dispute the validity of a transaction you can change its status on the Platform using your Account. Any pending transactions on the Platform invoicing section whose status is not amended within a 1-day period from the date of the conversion shall, unless otherwise agreed, be deemed automatically approved.

6. Temporary Suspension

6.1 Generally. We may suspend your or any End User's right to access or use any portion or all of the Service Offerings immediately upon notice to you if we determine:

- (a) your or an End User's use of or registration for the Service Offerings (i) poses a security risk to the Service Offerings or any third party, (ii) may adversely impact the Service Offerings or the systems or Content of any other Ve customer, (iii) may subject us, our affiliates, or any third party to liability, or (iv) may be fraudulent;
- (b) you are, or any End User is, in breach of the Agreement, including if you are late on your payment obligations for more than 15 days; or
- (c) you are subject to an Insolvency Event.

6.2 Effect of Suspension. If we suspend your right to access or use any portion or all of the Service Offerings:

7 Term and Termination

7.1 Term. This Framework will commence on the occurrence of one of the events described in recital (A) of this Framework and shall continue indefinitely until terminated in accordance with its terms. Each Agreement shall commence on the Effective Date and shall continue indefinitely until terminated in accordance with its terms.

(a) Termination for Convenience. Either party may terminate this Framework at any time for any reason by providing the other with written notice in accordance with the timing and notice period set out in the Order where there are no extant Agreements. - (ii) By Us. We may also terminate an Agreement immediately upon notice to you: (A) if you repeatedly fail to provide us assistance to enable us to carry out the Service Offerings; (B) if any act or omission by you or any End User results in a suspension described in clause 6.1; (C) if our relationship with a third party partner who provides software or other technology we use to provide the Service Offerings expires, terminates or requires us to change the way we provide the software or other technology as part of the Service Offerings; (D) if we believe providing the Service Offerings could create a substantial economic or technical burden or material security risk for us; (E) in order to comply with applicable law or requests of governmental entities or regulators, or (F) if we determine use of the Service Offerings by you or any End Users or our provision of any of the Service Offerings to you or any End Users has become impractical or unfeasible for any legal or regulatory reason.

8 Intellectual Property Rights and Licence

You will use all reasonable endeavours to prevent any unauthorised access to, or use of, the Service Offerings and Ve Content and, in the event of any such unauthorised access or use, promptly notify us. During and after the Term, you will not assert, nor will you authorise, assist, or encourage any third party to assert, against us or any of our affiliates, customers, vendors, business partners, or licensors, any patent infringement or other intellectual property infringement claim regarding any Service Offerings or Ve Content you have used or had access to.

- 8.4 We grant you a non-exclusive, non-transferable, non-sublicensable licence to use the Ve Marks solely in connection with your use of the Service Offerings. Any goodwill arising from such use shall belong to us. You shall use the Ve Marks only in relation to the Service Offerings and in a manner, which complies with all standards and directions as to quality and mode of presentation laid down from time to time by us. In particular you shall not use the Ve Marks: (i) other than in respect of the Service Offerings; and (ii) in a manner which could affect the value or validity of the Ve Marks in any part of the world.
- 8.5 Suggestions. If you provide any Suggestions to us or our affiliates, we will own Intellectual Property Rights in and to the Suggestions, even if you have designated the Suggestions as confidential. We and our affiliates will be entitled to use the Suggestions without restriction. You hereby irrevocably assign to us with full title guarantee (including by way of present assignment of future rights) all Intellectual Property Rights in and to the Suggestions absolutely and agree to provide us any assistance we may require to document, perfect, and maintain our Intellectual Property Rights in the Suggestions. To the extent (if any) that the foregoing assignment is ineffective for any reason, you agree to grant and hereby grant to us a non-exclusive, perpetual, irrevocable, royalty-free, sublicensable, worldwide licence to make, have made, use, import, offer for sale, sell, reproduce, distribute, modify, adapt, prepare derivative works of, display, perform and otherwise exploit such Suggestions without restriction.

9 Indemnification.

- 9.1 General indemnity from you. You will fully defend, indemnify, and hold harmless us, our affiliates and licensors, and each of their respective employees, officers, directors, and representatives, on demand, from and against any claims, damages, losses, liabilities, costs, and expenses (including reasonable legal fees) arising out of, in connection with or relating to any third party claim concerning: (a) your or any End Users' use of the Service Offerings (including any activities under your Account and use by your employees and personnel); (b) breach of the Agreements or violation of applicable law (including Data Protection Legislation) by you or any End User; (c) Your Content or the combination of Your Content with other applications, content or processes, including any claim involving alleged infringement or misappropriation of third party rights by Your Content or by the use, development, design, production, advertising or marketing of Your Content; or (d) a dispute between you and any End User. If we or our affiliates are obligated to respond to a third-party claim, you will also reimburse us for reasonable legal fees, as well as our employees' and contractors' time and materials spent responding to the third party claim at our then-current hourly rates.
- 9.2 Process. We will promptly notify you of any claim subject to clause 9.1, but our failure to promptly notify you will only affect your obligations under clause 9.1 to the extent that our failure prejudices your ability to defend the

claim. You may: (a) use counsel of your own choosing (subject to our written consent) to defend against any claim; and (b) settle the claim as you deem appropriate, provided that you obtain our prior written consent before entering into any settlement. We may also assume control of the defence and settlement of the claim at any time.

- 9.3 Our indemnity to you. We will indemnify and hold you harmless or, at our option, defend or settle any Third Party Claim and shall be responsible for any reasonable losses, damages, costs (including legal fees) and expenses incurred by, or awarded against, you as a result of or in connection with any such Third Party Claim. The indemnity set out in this clause 9.3 shall not apply to the extent the Third Party Claim in question is attributable to or arises from: (a) possession, use, development, modification or maintenance of the Service Offerings (or any part thereof including for the avoidance of doubt incorrect installation) by you other than in accordance with the terms of the Agreement; (b) use in combination with any hardware or software not supplied or specified by us, or if the infringement would have been avoided by use not so combined; (c) your failure to use updated versions of the Service Offerings which would have avoided the infringement (provided they were made available to you in good time so as to avoid the infringement); or (d) your failure to comply with the terms of any applicable Open Source Software licence.
- 9.4 Process. Our indemnity in clause 9.3 is conditional upon you: (a) as soon as reasonably practicable giving written notice of the Third Party Claim to us, specifying the nature of it in reasonable detail; (b) not making any admission of liability, agreement or compromise in relation to the Third Party Claim without our prior written consent (such consent not to be unreasonably conditioned, withheld or delayed); (c) giving us and our professional advisers access at reasonable times (on reasonable prior notice) to your premises and your officers, directors, employees, agents, representatives or advisers, and to any relevant documents, so as to enable us and our professional advisers to examine them and to take copies for the purpose of assessing the Third Party Claim; (d) taking such action as we may reasonably request to avoid, dispute, compromise or defend the Third Party Claim; and (e) at our request allowing us to conduct the defence (and settlement if any) of the relevant claim. If any Third Party Claim is made, or in our reasonable opinion is likely to be made, we may at our sole option and expense (a) procure for you the right to continue using the Service Offerings in accordance with the Agreement; (b) modify the Service Offerings so that they cease to be infringing; (c) replace the Service Offerings with non-infringing works; or (d) terminate the relevant Agreement immediately on notice to you. This clause constitutes your exclusive remedy and our only liability in respect of Third Party Claims.
- 9.5 Our Data Indemnity to you: We agree to hold harmless and indemnify you, and keep you indemnified, from any and all costs, claims, damages, liabilities and expenses suffered or incurred by you as a result of any failure by us to comply with our obligations in clause 3. This indemnity shall not apply to the extent that any such cost, claim, damage liability or expense arises or is exacerbated as a result of your failure to comply with your obligations under this Framework and/or any Agreement. This indemnity is conditional upon you: (a) as soon as reasonably practicable giving written notice of the claim to us, specifying the nature of it in reasonable detail; (b) not making any admission of liability, agreement or compromise in relation to the claim without our prior written consent (such consent not to be unreasonably conditioned, withheld or delayed); (c) giving us and our professional advisers access at reasonable times (on reasonable prior notice) to your premises and your officers, directors, employees, agents, representatives or advisers, and to any relevant documents, so as to enable us and our professional advisers to examine them and to take copies for the purpose of assessing the claim; (d) taking such action as we may reasonably request to avoid, dispute, compromise or defend the claim; and (e) at our request allowing us to conduct the defence (and settlement if any) of the relevant claim.

We warrant that the Service Offerings will perform substantially in accordance with the specification set out on the Platform and will be provided with reasonable skill and care. If the Service Offerings do not perform in accordance with this clause then we shall, at our expense, use all reasonable efforts to correct such non-conformance or provide alternative means of accomplishing the desired performance. Where we are able to correct or substitute within a reasonable time, such correction or substitution shall constitute your sole and exclusive remedy and our only liability in respect of the warranty breach.

- 11.4 Except for those warranties in clause 10 of this Framework, we and our affiliates and licensors make no representations, warranties, conditions or other terms of any kind, whether express, implied, statutory or otherwise regarding the Service Offerings or the Third Party Content, including any warranty that the Service Offerings or Third Party Content will be uninterrupted, error free or free of harmful components, or that any content, including Your Content or the Third Party Content, will be secure or not otherwise lost or damaged and we are not responsible for any delays, delivery failures, or any other loss or damage resulting from the transfer of data over communications networks and facilities, including the internet, and you acknowledge that the Service Offerings may be subject to limitation, delays and other problems inherent in the use of such communications facilities.

SECURITY DECLARATION

1. INTRODUCTION

This policy sets out a framework of governance and accountability for Information Security Management across the organisation. It forms the basis of the Information Security Management System (ISMS) and incorporates all policies and procedures that are required to protect company information by maintaining:

Confidentiality: protecting information from unauthorised access and disclosure.

Integrity: safeguarding the accuracy and completeness of information and preventing its unauthorised amendment or deletion.

Availability: ensuring that information and associated services are available to authorised users whenever and wherever required.

This policy framework aims to develop a positive culture of information security throughout VE.

1.1 Document Definition

This document is a **Policy**.

For a complete list of all permitted document labels see *VE-PR-XX-IS-0002-Document Management Procedure* document. Please note these are the labels are permitted for document assets.

Policies, Standards and Procedures are the primary way in which the Information Security Steering Committee's (ISSC) direction and expectations are translated into specific, measurable, and testable goals and objectives. They are a critical component of governance at Ve Global (Ve) as they provide the structure and rules around which the organisation must operate. The Information Security Governance Committee (ISGC) has been established to create, maintain, and govern Information Security (IS) Policies, Standards and Procedures. The ISGC is responsible for communicating these documents to all applicable partners, joint ventures and subsidiaries, as well as distributing them and/or making them accessible to Ve's Employees (including consultants, contractors, and other applicable 3rd party vendors and partners).

1.2 Objective

The main objectives of this Policy are as follows:

1. Implement good practice in accordance with ISO 27001;
2. Protect against the potential consequences of security breaches;
3. Make certain that users are aware of and comply with all current and relevant legislation;
4. Increase security awareness and understanding across the organisation on the need for good information management, and of the direct responsibilities of every member for protecting data;
5. Promote information security practices that enhance the reputation of the organisation as a trustworthy, open, honest and ethical organisation;
6. Protect Ve Global from liability or damage through the misuse of data managed within the organisation.

In addition, the aim of the Ve's Information Security Policy Framework is to provide the foundation for all documentation and operational processes developed to protect information or data assets (used interchangeably from this point forward) owned by, or in the custody of, Ve from:

- (a) Unauthorised disclosure – loss of CONFIDENTIALITY;
- (b) Unauthorised or unintended modification – loss of INTEGRITY;
- (c) Unintended loss of availability – loss of AVAILABILITY.

The Ve's Information Security Program supports the ISSC's objectives by providing the guidance and means to protect data assets. The Information Security Program includes maintaining Policies, Standards, and Procedures in areas including (but not limited to), internal and external risk management, threat and vulnerability management, logical and physical security, and mapping of Information Security (IS) responsibilities.

1.3 Scope

Applicability to Employees

Ve refers to Ve Global as well as its applicable partners, joint ventures and subsidiaries (where applicable). This Policy applies to all Employees, members of the Board of Directors, and all consultants and contractors.

Applicability to External Parties

Relevant Policy statements will apply to any external party and be included in contractual obligations on a case-by-case basis.

Applicability to Assets

This Policy applies to all information assets globally owned by Ve, or where Ve has custodial responsibilities.

2. POLICY STATEMENTS

2.1 Protection of Data

It is the Policy of Ve that information in all its forms: written, spoken, recorded electronically or printed, will be protected from accidental or intentional unauthorised modification, destruction or disclosure throughout its life cycle. This protection includes an appropriate level of security over the equipment and software used to process, store, and transmit that information.

2.2 Requirement for Policy Documentation

All supporting Policies, Standards, and Procedures must be documented and must be made available to individuals responsible for their implementation and compliance. All activities identified by the Policies, Standards and Procedures must also be documented.

2.3 Regional Variances

Where appropriate, regional variances to this Policy can be permitted to address all local legal and regulatory requirements. All such Policies, Standards, and Procedures are subordinate to, and must be consistent with, this Policy, and must be approved by the ISGC and signed off by the CEO.

See section 2.8 **Error! Reference source not found.** for more information.

2.4 Compliance with Policy Provisions

All processes and systems implemented after the effective date of these policies are expected to comply with the provisions of this Policy. Existing systems are expected to be brought into compliance as soon as practical.

2.5 Policy & Standard Review Period

All documentation must be reviewed at least yearly, during significant changes to business goals, or in response to significant changes in the prevailing threat landscape. Alternative review timings to be determined by the ISGC where applicable.

2.6 Independent Review of the Information Security Program

The ISGC or the ISSC must initiate and independent review of all relevant aspects of the Ve Information Security Program at least annually, during significant changes to business goals, or in response to significant changes in the prevailing threat landscape to ensure the continuing suitability, adequacy and effectiveness of the organisation's approach to managing inherent risks.

The review must:

- a) Assess opportunities for improvement and the need for changes to the approach to security, including the Policy, Standards and/or control objectives;
- b) Be carried out by individuals independent of the area under review. These individuals can be internal or third parties, but must demonstrate that they have appropriate skills and experience;
- c) Be recorded and reported to the ISGC or the ISSC as appropriate. These records must be maintained, and;
- d) Provide recommendations for corrective actions.

2.7 Information Security Roles & Responsibilities

All employees, members of the Board of Directors, and all consultants and contractors (where applicable) have responsibilities towards Ve Information Security that they must abide by.

To better establish Ve's Information Security Management System (ISMS), specific Information Security responsibilities are segregated between the ISSC and the ISGC.

The ISSC consists of top management and heads of departments who review and set key Information Security objectives in accordance to legislation, regulations, best practice and contractual obligations.

The ISGC consists of key points of contact from each department that are responsible for implementing controls and strategies to ensure that Information Security objectives are met and adhered to by the business.

For a comprehensive structure of Ve's Information Security responsibilities, refer to the Information Security Roles and Responsibilities standard.

2.8 Policy Exceptions

In the event that a business area or department is unable to comply with an approved Policy or Standard, an exception may be requested and submitted to the Policy Coordinator for initial review and onward presentation with recommendations to the ISGC and other interested parties.

An exception also allows for non-compliance with a Policy or Standard for either an approved period, or indefinitely. This can be caused by technical limitations within an application or system or may be a result of a fundamental change to a business process or be in-line with specific business goals. In the case of an exception, a member of the ISSC must formally accept the risk and retain accountability for non-compliance.

Refer to the policy exception procedure for further information.

2.9 Change Management

Any changes to the organisation, business processes, information processing facilities or systems that affect information security must be controlled.

The following change controls must be in place for any major change requests:

- description of change including designation of importance (e.g. minor, or major change);
- planning and testing of change(s);
- assessment of the potential impacts, including information security impacts, of such changes;
- formal approval procedure;
- verification that information security requirements have been met;
- communication of change details to all relevant persons;
- fail-back procedure or equivalent, and;
- description of audit capability and audit trail retention.

All relevant documentation must be updated as a result of any changes to Ve's systems.

2.10 Capacity Management

A documented capacity management plan must be documented for critical information systems.

The plan should include:

- System tuning and monitoring parameters;
- Detective controls to alert on threats to production systems;
- Projections of future capacity requirements.

2.11 Segregation of Duties

Conflicting duties and areas of responsibility shall be segregated to reduce opportunities for unauthorised or unintentional modification or misuse of Ve's assets.

Where this is not possible, detailed mitigating controls must be prepared and approved as a Policy Exception by Ve's Information Security Team (IST).

Where practical, the initiation of an event should be separate from the authorisation.

The possibility of collusion must be considered in the design and implementation of information security controls.

2.12 Information Security in Project Management

Information security must be built into the Ve project management method to ensure that information security risks are identified and addressed as part of each project as a company-wide practice.

The following requirements will be integral to all project plans:

- Information security objectives are included;
- An information security risk assessment is conducted;
- Information security is part of all phases;
- Information security implications should be reviewed regularly in all projects, and;
- Responsibilities for information security should be defined and allocated to specified roles defined in the project management method.

2.13 Delegation of Information Security Tasking

Any individual with information security responsibilities may delegate to others, but the overarching accountability must reside with the original individual.

Where data that is classified higher than **Restricted** may be at risk, permission to delegate must be received from the Data Owner.

3. POLICY COMPLIANCE

3.1 Compliance Measures

Compliance with this Policy Framework is enforced through the validation of Compliance Measures relevant to each individual Policy and Standard derived from it.

3.2 Enforcement

As noted above, this Policy applies to all Ve Global Members, members of the Board of Directors, and all consultants, third parties and contractors (where deemed necessary). Violations of this Policy may result in disciplinary action, up to and including termination of employment and / or legal action.
