ADHD Norway was founded in 1979. We are nationwide organisation with county and municipal associations that organise activities, courses, conferences and meeting places for our members.

We have a large network of peers who can offer guidance and support for others in similar situations.

The National Board of ADHD Norway is elected for a period of two years. In addition, we have a Professional Council, which is our expert advisory body, as well as ADHD Norway Ung, our youth council.

ADHD Norway's Secretariat is located in downtown Oslo. Members may contact us for advice and guidance.

**Members of ADHD Norway will receive:**

- Our membership magazine Stå på! ("Stay strong!") four times a year.
- Information about meetings, activities and gatherings in your county
- Invitations to national conferences for children and young people
- Opportunities to contribute and participate, both individually and in collaboration with support services

As a member of ADHD Norway, you will be supporting an organisation that:

- Works to achieve equal opportunities and full participation in society for all people with ADHD
- Develops and conducts activities based on the needs of our members
- Offers courses and competence development for support services, political environments and networks, and other organisations
