

NO GREAT ADVENTURE EVER STARTED WITH FOLLOWING THE RULES

Tim Smith, Star of the Discovery Channel series “Moonshiners,” shares his family recipe with the world.

“We’ve been doing what we love for generations... even when forced to do it on the wrong side of the law, we’ve never stopped. It’s in our roots, engraved in our soul – it’s our family’s story.

Our Whiskey is crafted mountain deep, in the light of the moon, shared down by word of mouth, generation to generation, from Granddad, to Dad, to me.”

So break the rules a little, let go, and Climax this moment with a drink of unpredictable and a taste of unexpected.
