CASE STUDY

CITY OF CAMDEN

LOCATION: CAMDEN, NJ INDUSTRY: PUBLIC SECTOR

Directly across the Delaware River from Philadelphia, Camden is one of the largest municipalities in New Jersey. The city has faced challenges with illegal dumping at more than 50 sites, costing them millions of dollars in cleanup.

CHALLENGES

- Monitor two sites that receive up to 75 tons of trash annually
- Collect video evidence for prosecutions
- Add deterrence to sites to prevent dumping

“The deterrence factor of LVT has been huge. Nobody stops. They just drive by.”

—KEITH L. WALKER

Director, Department of Public Works

RESULTS

ZERO DUMPING

at sites being monitored by LVT Units

CLEANER COMMUNITIES

neighbors and volunteers joining cleanup efforts

SAVE MILLIONS

in tipping fees from fewer dump runs

FAST RESPONSE

employees can move units to new illegal dumping sites
