CASE STUDY

PHILADELPHIA PHILLIES

LOCATION: PHILADELPHIA, PA INDUSTRY: PROPERTY MANAGEMENT

Citizens Bank Park, the home of the Philadelphia Phillies, and its surrounding complex houses more than 250 events per year—everything from baseball games to festivals and concerts. The stadium already had an intensive security system, but they saw a need for increased coverage in their parking lots.

CHALLENGES

- Secure open parking lots
- Protect and monitor fans' vehicles
- Provide video evidence of any incidents

*"I believe in the product. **I've seen the capabilities of what it can do...**It solved a problem for us that we knew we had in our parking lot."*

—SALVATORE DEANGELIS

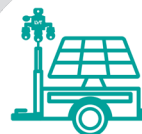

Director of Operations and Security

RESULTS

INCREASED SECURITY

for more than 2.7 million fans per season

INCREASED MOBILITY

allows security to be moved for different events

DETER CRIMES

and incidents in the parking lots and surrounding complex
