Lucky Ladies Progressive

The Lucky Ladies progressive is also a unique progressive offered on blackjack that pays on the posted payable whenever a player receives a hand of 20 on their initial two cards.

Perfect Pairs Progressive

With Perfect Pairs Progressive, every pair wins! The winning starts when the player's first 2 cards are a Mixed Pair (1 red card and 1 black card) and only go up from there. The pays increase with a Colored Pair (2 black or 2 red cards), a Perfect Pair (suited pair), or a Perfect Pair of a specific rank. For the top awards, including the jackpot, players form a 3-card hand using the dealer's up-card. If the specific Three-of-a-Kind is achieved, the jackpot wins!
