STATS IN URUGUAY

DEFENSIVE DUELS

He uses his individual technique to win offensive duels. His body movements allows him to overcome rivals in 1v1 duels, both in open play and under pressure.

MOBILITY IN ATTACK

He frequently moves off the ball. He moves inside to receive the ball with his back to the goal. He is also capable of pinning the fullback on the flank in order to take him on.

ATTACKING INTO SPACE

He makes diagonal runs in behind the defensive line. He is smart to get out the offside zone, which allows him to be an option to receive the ball in between the lines or in a goal-scoring position.

SHOOTING TECHNIQUE

His good kicking technique makes him a set piece taker. He unbalances rivals on the flank to make lateral crosses quickly. He has good mid-shot range.

PRESSURE

He can be part of high pressing teams. He has good reading of play and sacrifice to anticipate crossed deliveries. He is quick in small-sided situations, which makes the rival uncomfortable.

ASSOCIATIVE CAPACITY

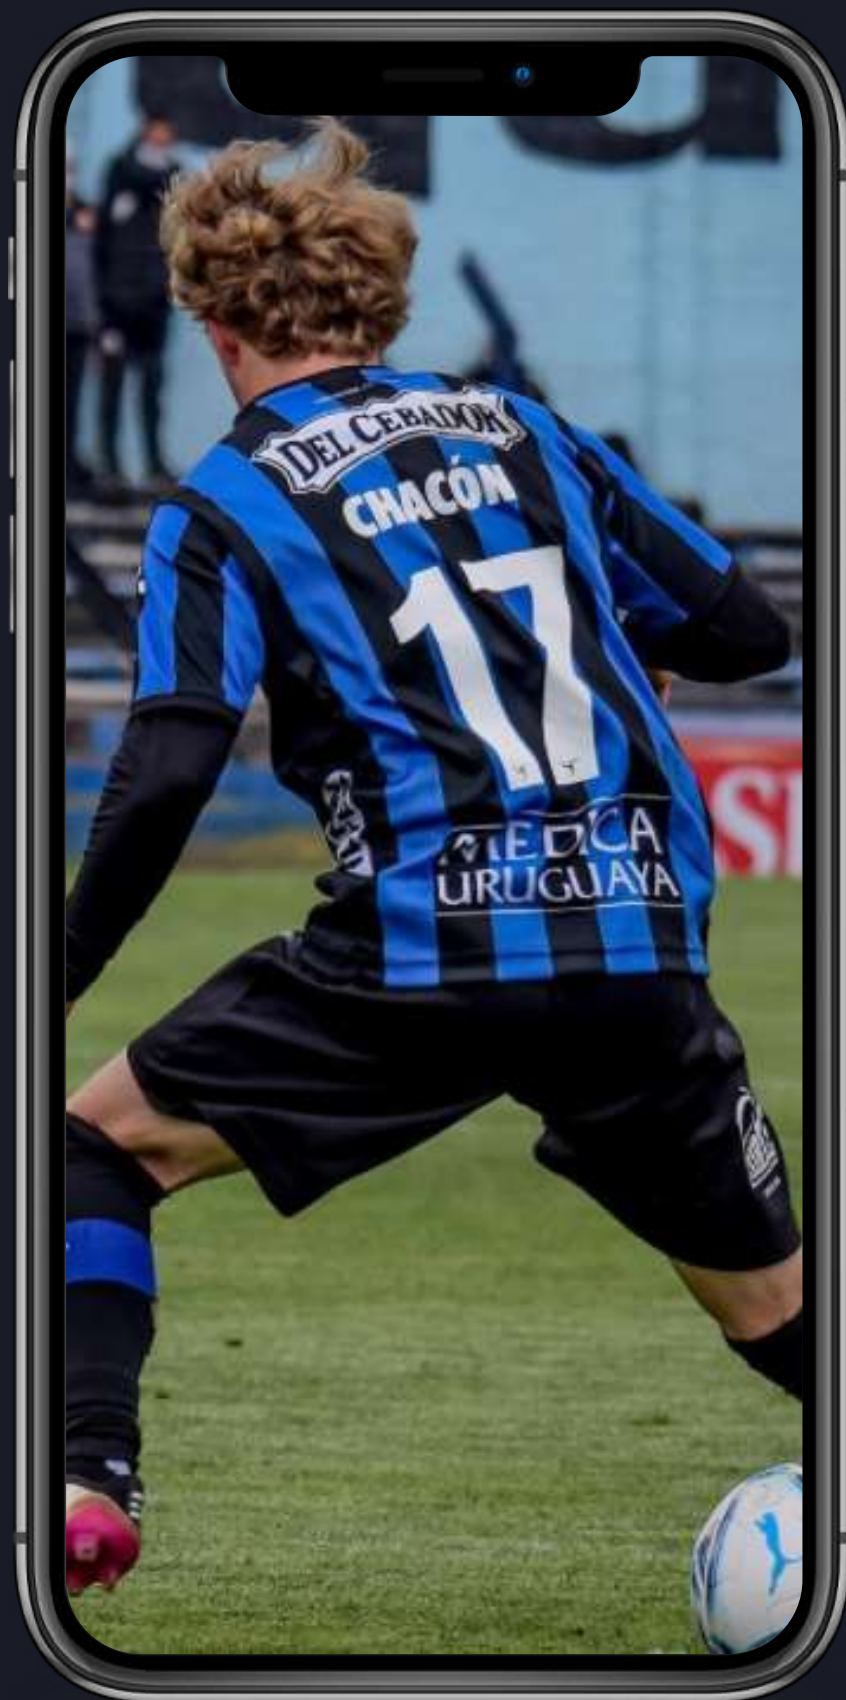

He makes good short associations. He generates play with his inside passes. He passes the ball and then shows up into a free space to keep the possession of the ball.
