FINISHING

One of his main skills is his finishing technique. He is smart to create options to goal. He associates and moves in attack in order to create more goal chances. He has an accurate and powerful shot.

DROPPING BACK AND UNMARKS

Rose drops back constantly to become a passing option. He has a great posting technique. He holds it well due to his biotype, which allows him to link with his teammates.

TECHNICAL ABILITY

He has stability and agility to keep the ball. Since he can move and play inside, he has good vision of play after turning around on the ball. It gives him time and advantage to think. He has great tempo of play and top speed in small-sided spaces.

POSTING TECHNIQUE

Rose uses his good biotype to protect the ball with arms and body. He knows how to position his body to win the duel. He is an ideal player for direct play. Also, he has good oriented control to position himself toward the rival's goal.
