STATS IN SWITZERLAND

2023

AERIAL PLAY

He physical shape and strength allow him to succeed in the aerial play and 1v1 duels. He seems to be comfortable in ground challenges against opponent's forwards.

LONG PASSES

He helps his team with middle and long deliveries. He participates in the build-up strategy of his team in positional attack. He can make accurate long passes in behind the defensive line

ANTICIPATIONS

He is smart enough to read anticipations well. He identifies when to advance to cut the play and intensely regain it. He can also keep his position and let the rival receive to stay well-positioned. He is aggressive in recover the ball.

PHYSICALL POTENCY

He is strong and powerful to succeed in defensive duels either quickly or statically. Continuously, he shows that he can physically succeed against his rival. It does not matter if he is dealing with a forward who has a similar biotype. He wins the 1v1 duel.
