

Mario Cañas

I’m a fan of clean, simple design, with a dash of humour and a lover of the motor world, theme parks and video games.

Currently

- **Product Designer at Status**

As Product Designer at Status I’m helping to design an open source, decentralised crypto communication super app.

I take care of visual design, interaction, design system, and communication with devs.

November 2021
April 2022

- **Design Lead & Webflow Designer at Lana**

As Design Lead at Lana I am involved in:
 - Propose and execute company-level product strategy to resolve questions about the future of the product.
 - I shape critical efforts and define new processes that lead to better outcomes and team efficiency.
 - I’m the main technical reference for the team.
 - I look beyond my domain to collaborate with business and technology team initiatives.

July 2019
Nombember 2021

- **Senior Product Designer at Lana**

As Product Designer at Lana I’m designing a fintech app for the gig economy in the Latin American market (MX & CHL).
I take care of visual design, interaction, illustration, animation and no-code tools.

Interaction design program at Tramontana

October 2019
July 2020

February 2017

- **Product Designer at Secuoyas**

As product designer at Secuoyas I created global products, collaborating with clients in Spain & USA with a strong eye on UX & Visual Design.
 - **BBVA**

My role in the team was to help to create a design system that would allow us to standardise the work they had already done up to that point, and lay the foundations for the future as part of BBVA's own design team.
 - **Solera EEUU**

My role in the team was to help to create an automobile registration management program for 10 U.S. states
