

We're Hiring

Dairy Young Stock Herdsman

Pay Rate: \$19-22/hour & great benefits

Key Responsibilities:

- **Calf Care:** Oversee the care and management of calves from birth to weaning, including feeding, cleaning, and monitoring their health and growth.
- **Health Monitoring:** Conduct regular health checks and administer vaccinations, medications, and treatments as necessary to maintain the well-being of young stock.
- **Feeding and Nutrition:** Develop and implement feeding programs to ensure optimal nutrition for young cattle at different stages of growth, including transitioning from milk to solid feed.
- **Facilities Management:** Maintain clean and safe living environments for young stock, including calf hutches, pens, and feeding areas.
- **Record Keeping:** Maintain accurate records of individual animal health, growth, and treatments using appropriate software or documentation systems.
- **Breeding Support:** Assist with reproductive management, including heat detection, artificial insemination, and pregnancy checking of young heifers.
- **Team Collaboration:** Work closely with the farm manager and other team members to ensure the overall health and productivity of the young stock aligns with the farm's goals and standards.
- **Continuous Improvement:** Stay informed about industry best practices and advancements in young stock management and implement new strategies to improve the health and growth of the herd.

Qualifications

- Previous experience in dairy farming, particularly in young stock management, is preferred.
- Sound knowledge of calf and young stock nutrition, health, and welfare.
- Ability to recognize and respond to signs of illness or distress in young cattle.
- Strong organizational and time management skills.
- Excellent communication and teamwork abilities.
- Willingness to work flexible hours, including weekends and holidays as needed.
- Physical fitness and the ability to perform tasks that require bending, lifting, and prolonged periods of standing.

Join Our Dairy Team!

We are seeking a dedicated and knowledgeable individual to join our dairy farm as a Young Stock Herdsman. The ideal candidate will be responsible for the care, well-being, and development of young dairy cattle, ensuring they reach their full potential and become healthy, productive members of our herd. This role requires a deep understanding of animal husbandry, a strong work ethic, and a passion for working with livestock.
