

PRESS RELEASE

Quintet Private Bank and Moonfare partner to expand private-market access

- *Quintet partners with Moonfare to facilitate client access to top-tier private-market opportunities via end-to-end digital investment platform*
- *Moonfare expands distribution via Quintet's pan-European base of high-net-worth individuals and families*

Luxembourg & Berlin; October 10, 2023: Quintet Private Bank, headquartered in Luxembourg, and Berlin-headquartered Moonfare announced today the signing of a partnership agreement that will enhance Quintet's ability to extend private-market investment opportunities to appropriate clients and, simultaneously, broaden Moonfare's growing global distribution network.

Under the terms of the agreement, Quintet will extend to appropriate clients access to an end-to-end digital investment platform, powered by Moonfare, offering top-tier private-market funds – initially covering strategies in the private equity and infrastructure space – selected and approved by Quintet. This platform provides clients and client advisors with a wealth of tools and information, including product collaterals, paperless subscription, client reporting and portfolio analytics.

“We are delighted to partner with Moonfare,” said Bryan Crawford, Group Head of Investment & Client Solutions at Quintet. “Working together, we will be able to offer our clients enhanced choice and sourcing of top-quartile managers, with the capability to build high-quality portfolios in the private-market space at a competitive cost and with a lower minimum entry point. Retaining full control of our alternative-investment proposition design and decision-making, we will also provide our clients with access to a digital platform to simplify the investment process.”

For Moonfare, the agreement further expands its distribution capacity in the high-net-worth market via a trusted partner operating across Europe.

“Moonfare's mission is to lead a new era for private-market investing and open the door to potentially higher returns for more people,” said Steffen Pauls, founder and CEO of Moonfare. “Quintet has spent decades establishing high levels of trust with wealthy individuals and families in Europe and the UK, so we are particularly pleased to be partnering with them to help further that mission.”

Moonfare is a leading global platform for direct-to-consumer private equity and private credit investing. With €2.7 billion in assets under management and operating in 23 countries, Moonfare provides a unique automated service for digital onboarding and channeling of private investments towards a carefully curated group of top-tier funds from some of the world's leading private equity managers.

Quintet, which operates in some 50 cities across Europe and the UK, manages over €86 billion in total client assets. Quintet's family of private banks includes Brown Shipley (UK), InsingerGilissen (Netherlands), Merck Fink (Germany), Puilaetco (Belgium), Quintet Denmark and Quintet Luxembourg.

-ends-

About Moonfare:

Moonfare offers individual investors and their advisors access to private equity investment opportunities. With its digital onboarding process and asset management platform, Moonfare allows investors to register and invest directly online.* To date, Moonfare has offered more than 95 private-market funds from top general partners worldwide such as KKR, Carlyle and EQT with an emphasis on private equity buyouts, venture, growth and real asset categories like infrastructure.

Moonfare's investment team conducts ground-up due diligence on all funds. Fewer than 5% of available funds pass this process and make it onto the Moonfare platform. This focus on quality is one reason why Moonfare has won the trust of almost 4,000 clients who have invested more than EUR 2.7 billion on its platform. Headquartered in Berlin, Moonfare operates in 23 countries across Europe, Asia, America and has offices in New York, Hong Kong, London, Zürich, Singapore, Paris and Luxembourg.
