

Pistachios

CALIFORNIA

Aerobotics Crop Insurance Services assists pistachio growers in only paying for productive planted acres and lowering the chance of rejected claims by utilizing high-resolution plant data and artificial intelligence.

Crop insured

All pistachios are insurable in the county if they are grown on trees, which have reached the tenth growing season after being set out with at least four years of production records.

Causes of loss

You are protected against the following:

- ✓ Adverse weather;
- ✓ Earthquake;
- ✓ Failure of irrigation water supply; if caused by insured peril during the insurance year;
- ✓ Fire;
- ✓ Insect damage and/or plant disease; unless you have insufficiently or improperly applied pest or disease control measures;
- ✓ Volcanic eruption; or
- ✓ Wildlife.

IMPORTANT DATES

Sales Closing/Cancellation	December 31
Acreage Reporting	March 15
Premium Billing	August 15
Termination	December 31

INSURANCE PERIOD

Coverage begins on January 1 for the first insurance year and ends no later than November 30 of the same year or at the earliest occurrence of one of the following:

- ✓ Total destruction of the crop;
- ✓ Harvest of the crop;
- ✓ Abandonment of the crop; or
- ✓ Final adjustment of a loss.

Coverage levels and premium subsidies

The amount of insurance (guarantee) is determined from your production records. The coverage level and price election remain the same for each year in the two-year coverage period. Indemnity payments are calculated for each year individually. Approved yields are based on years of production records and may need to be adjusted if found to be alternate bearing.

Growers can select a coverage level from 50 to 75 percent of their approved yield and 55 to 100 percent of the price election. Crop insurance premiums are subsidized as shown in the following table. For example, if you choose the 65-percent coverage level, your premium share would be 41 percent of the base premium.

Item	Percent					
Coverage Level	50	55	60	65	70	75
Premium Subsidy	67	64	64	59	59	55
Your Premium Share	33	36	36	41	41	45

Catastrophic Risk Protection (CAT) coverage is fixed at 50 percent of your approved yield and 55 percent of the price election. CAT is 100-percent subsidized with no premium cost to you. There is, however, an administrative fee of \$300 per crop per county, regardless of the acreage.

COUNTIES AVAILABLE

Pistachios are insurable in Alameda, Butte, Colusa, Contra Costa, Fresno, Glenn, Kern, Kings, Madera, Merced, Riverside, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Stanislaus, Sutter, Tehama, Tulare, Yolo, and Yuba counties.
