

KLCS Family Fund Update

Hi Church,

Thank you so very much to everyone who has and continues to sow into and pray for the KLCS Family Fund we have raised so far \$4690.00 and are very excited to reach our first Milestone of \$5500.00. As you are aware our #1 priority is to support our people that are adversely affected by the No Jab, No Job mandates. If you know of someone or are someone from our church that is in desperate need of support because of this mandate, we ask that you please complete the very easy to do linked form:

<https://forms.gle/8wwEePxEKpVm7ty9>.

As soon as we meet our first target our committee will meet to review all submissions. For full transparency we will be distributing funds using Fuel, Coles, Big W, Target, and Woolworths vouchers at set amounts depending on individual circumstances and needs. Where funds permit, we will also assist with rent, power, gas, and water bills. To remain fully transparent, we would request to pay those bills on your behalf. Where we see opportunities to engage other services in the community, we would refer people to instead contact those services just so we can stretch our resources where possible.

There is still plenty of time to join the effort please pray and where it is possible, we'd love for you to jump onboard.

To make the process easier to provide updates our preference is that you give via our tithe.ly pledge campaign, this way we can also provide a Tax-Deductible Receipt. Tithe.ly also allows you to sow on a regular basis as decided by you or you can do a one-off deposit.

Alternatively, you can also deposit by bank transfer directly to our bank account however it's not as easy to track payments and provide a receipt. The bank account number is:

Westpac
BSB - 032-349
Account - 532620
Name - Kingdom Living Community Service

Again, thank you everyone, if you have any questions, please don't hesitate to contact me.

Regards,

Corey Cribb
KLCS Administrator
