

# US-Canada Security and Defense Trends:

## Opportunities for Greater Military Cooperation & Defense Industry Participation

### Purpose

The purpose of this strategic virtual roundtable is to bring together senior politicians, military and defense industry thought leaders focusing on US-Canada strategic relations and the future of military cooperation, defense industry participation and security collaboration. This event will highlight the top emerging themes in defense technologies and how they will shape bilateral relationships in the coming years.

Specifically, speakers will have an opportunity to discuss and shed light on the role of:

5G networks in  
defense

AI in defense

Cyberspace in  
defense

Space in  
defense
