## STATE TREASURER OF OHIO

## ECONOMIC DEVELOPMENT PROGRAMS

In the State Treasurer's office, the Economic Development Department is authorized to invest up to 12% of the state's investment portfolio into linked deposit programs. These programs focus on strategic investments related to the creation and retention of jobs, property improvements for businesses and homes, and reduced rate financing for agribusinesses.

Small business owners can receive up to a 3% interest rate reduction on new or existing loans up to \$400,000 for two years, with the opportunity for renewal. Participating businesses must commit to creating or retaining jobs in the State of Ohio. This program promotes economic development by supporting small business and encouraging job creation and business expansion.

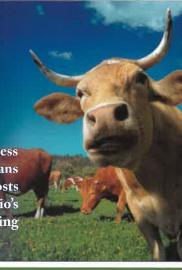

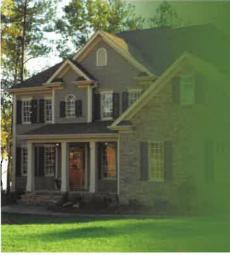

Small businesses looking to expand operations or renovate their existing buildings may qualify for loans with a four-year interest rate reduction of up to 3%, with a program cap of \$550,000. Qualified entities may also use the loan for upgrading and adding equipment, or installing energy-saving products and systems. This program helps to revitalize business areas across Ohio.

Agricultural Linked Deposit Program

The annual program allows eligible farm operators and agribusiness owners to receive up to a 3% interest rate reduction on operating loans of \$150,000 or less. Ag-LINK helps offset the impact of upfront costs for feed, seed, fertilizer, fuel, and inventory. Agriculture is Ohio's largest business, and the Ohio Treasury is committed to supporting farmers and agribusinesses across our state.

ECO-Link enables Ohio homeowners to receive up to a 3% interest rate reduction on home improvement loans up to \$50,000. The loan must be used towards home improvement projects such as remodeling, roofing, solar power, and more. Investments made through ECO-Link revitalize communities and support businesses who provide home improvement products and services.
