OVERVIEW

This policy is intended to provide a framework for the continued development of a strong customer service ethos within the Wellington Shire Council. It believes that excellent customer service involves sharing knowledge and information in an appropriate and timely manner.

Wellington Shire Council acknowledges that customer service is a key priority and a core value of the organisation, recognising that it impacts on every element of the organisation and that it is the responsibility of all staff.

This policy applies to all Council staff, Councillors, volunteers, and contactors.

PURPOSE

This policy has been created to ensure a consistent approach to customer service throughout Wellington Shire Council. This policy will be used as a training tool and a standard by which staff will deliver internal and external customer service.

Council's commitment to customer service includes an effective request and complaint handling system. It is recognised that this is one method of measuring customer and client satisfaction to provide a useful source of information and feedback for continual improvement of our services.

OBJECTIVES

The objectives of this policy are to:

- Formally recognise the importance of our customers and community members and the possible impacts that Council staff can have on their perception of the effectiveness and value of Council at any point of contact.
- Provide Council staff with information and guidance regarding our approach to customer contact including focus on a 'customer centric' culture across all areas of the organisation, equitable access and inclusion for people with special needs and the establishment of reportable service levels for consistent customer contact across all channels.
- Improve customer and community access to routine, publicly available information and services through continuous improvement of our processes and systems.

- Support the implementation of new information systems and processes that permit consistent and relevant data capturing which will enable access to information to facilitate best practice customer service.

CUSTOMER SERVICE STRATEGY

In support of this policy, the Wellington Shire Council has developed a four-year organisation wide Customer Service Strategy. The strategy consists of 3 main themes, strategic objectives and an action plan which align with the Wellington Shire Council Plan and Wellington Excellence Principles.

The objectives of the strategy are:

- Outline our commitment to customer service and excellence
- Provide a consistent and coordinated approach in responding to customer enquiries and complaints
- Develop a set of customer focused principles and action plans
- Develop and assist all staff with customer focused procedures, resources and support tools
- Improve our accountability through regular reporting and monitoring of our services

CUSTOMER SERVICE COMMITMENT

- Returning a telephone call – within one business day
- Responding to general written communication including emails and Customer Action Requests – within ten business days
- Emergency or urgent matters - any contact that is urgent or an emergency will be responded to immediately
- Missed visits – officers will leave a business card acknowledging the visit
- Service Centre visits – our staff will endeavour to acknowledge all customers within one minute of their arrival.
- Exclusions or exemptions – where separate statutory timeframes are set for certain correspondence or application, an alternative timeframe may exist - i.e. Planning Permit Applications
