See you there !!

Mick's Musings

Hi All

Into my second week at DNH and so far so good—Kaz hasn't had to berate me yet. It is really good that Kaz will still be around for a little longer ensuring I get onto the right path and continue the great work she has given to DNH. Big shoes to fill, but ones I will endeavour to try and do so.

Good news for me as Manager, is that Sheryl has rescinded her resignation as Treasurer/Secretary and is staying on in that position. She has a wealth of knowledge and I am so happy that she has decided to continue the great work she has already achieved and look forward to working with her further.

As I mentioned in the last Bush Bulletin, it was my intention to make contact with Dargo in Slovakia and I have placed the letter I wrote in this Bulletin. I discovered a name and address of the Mayor of Dargov, Štefánia Bojtimová, and I'm hoping she is still in that role. Unfortunately there was no email address available, which makes sense, so I have had to go snail mail and post a letter, with two copies of the Bush Bulletin, in an attempt to make contact. The letter has been included in this edition.

Interestingly, Dargov, as it has been known since 1964, has had numerous name changes. My source, www.cisarik.com lists the names as Dargó, then Dargow, and in 1863 until 1913 back to Dargó. Then 1920 to 1948 it was known as Dargov, before becoming Drahov until 1964 when it once again became Dargó. The reported population is 600+. Anyhow it may be sometime before I hear back, if at all, fingers crossed I do as it is something that could become an interesting milestone.

I have had two people take advantage of my assisting them with an application for the \$250 Power Saving Bonus Outreach Program. I have left the advertisement in this edition so as to remind those who qualify, to come on down to the DNH and I am more than happy to assist with their application. You will need to bring a concession card, copy of a recent electricity bill and choose either if you would like the payment EFT [Electronic Funds Transfer] where I would require to include your bank details such as BSB and account number. Payment by cheque is the other alternative. So please if you know of someone who may qualify let them know I am happy to assist.

Wednesday 25th May is going to be a busy day in town.

First of all the BNC will be conducting their 'Fluvax Clinic'. It is available for all ages, however for those under 65 years of age there will be a cost. Please book in for your vaccine on 5140 1246 and if you have already booked, the BNC will phone you with a time.

Then on the same day, why not come on down to DNH for the Cancer Councils Morning Tea. This will commence at 1100 and it is requested that you bring a plate to share. Kaz has once again acquired coffee mugs [\$10 each] and Tea Towels [\$6 each]. There will be a door prize and other raffles with a couple of games to play. And remember, its all for a good cause.

Also, I'd like to encourage the other community groups, who volunteer their time and energy, to come on down to say hello. Volunteers and volunteering play a massive role in the Dargo community, so come down and share the moment with each other.

I'm still working on putting together a community survey, allowing me to hear ideas from the community on what events you would like to see run, as well as any feedback of any sort. Feedback is welcome at any time. Phone call or email [dnh333@bigpond.com] is where you can get hold of me.

Until next Bulletin, be kind to each and CIAO.

16th May 2022

Dear Štefánia

I hope this letter finds you, your family and your community in good health.

Please let me introduce myself.

My name is Mick Eccles and I live in the state of Victoria [Australia] in a small town called Dargo. I have recently become the Manager of my town's community centre known as a 'Dargo Neighbourhood House'.

In Australia, Neighbourhood Houses aim to be the heart of the townships communities in an effort to bring people together to connect, learn and contribute to their local community through social, educational, recreational and support activities.

My letter is aimed to make contact with you in an effort to encourage our communities to engage by email or letter and share stories of our different cultures and lifestyles.

Every two weeks I publish a 'Dargo Bush Bulletin' which is a community based newspaper that provides an update of events which have recently occurred in and around Dargo. I have included two copies to illustrate the content of the 'Bulletin'.

The township of Dargo which I live in, is a small town of a little over 100 residents. It is located in the central highlands of Victoria and its past history was that the town used to be a stopover for miners making their way to the Australian goldfields.

Today, the area is known for being a producer of timber and beef cattle. The town is a popular destination for four-wheel drive enthusiasts, motor bike riders, bushwalkers, deer hunters and trout fisherman.

Over the years, Dargo has become a very popular area for tourism.

The town has two hotels, a motel, a general store, a museum, a Bush Nursing Centre, a fire brigade, a Landcare group and a Victorian government department which manages the environment, land, water and planning [DELWP].

The average age of residents in Dargo is approximately 63 years of age.

I have researched and noticed that Dargov used to be known as Dargó up until 1913 and became Dargov again in 1964.

Noting the similarity of both our townships names is what has drawn me to contact you; to identify if there would be an interest within your community to make contact with residents of my community.

There are residents here in Dargo who are interested in sharing communications with residents of your community. The method of communication we can discuss further if you believe communications between both our communities would be an interesting thing to do.

My email address is 'dnh333@bigpond.com'. A link for further information on Neighbourhood House is www.nhvic.org.au and of course you could further search for our township Dargo Victoria using Google or Wikipedia [as I did for your community].

Interestingly enough, there is another township named Dargo. It is located in the African country, Burkina Faso, and I may attempt to engage that community at some point in the future.

But first of all, I would like to communicate with you and attempt to build a friendship between our two communities.

Thank you for taking the time to read my letter. I look forward to hearing from you.

Warm regards,

Mick Eccles

Meet and Greet

On Thursday 19th May, the Manager of the East Gippsland Network of Neighbourhood Houses, Caroline Liston, visited Dargo to speak with the outgoing Dargo Neighbourhood House Manager, Karen Kane, and with the incoming Manager, Mick Eccles.

Discussions were held in relation to how best meet Dargo community needs in the way of projects and events from a Neighbourhood House prospective. Mick outlined some of his immediate ideas of supporting the community, which has already started with assisting those with the \$250 Power Saving Bonus applications, as well as purchasing a trailer load of firewood as a raffle for next Wednesday's Cancer Councils Biggest Morning Tea.

The rest of the Dargo Neighbourhood House Committee then joined the meeting to learn more of some of Mick's ideas so they were aware of how best they can assist him when the time arose.

An enjoyable lunch was then enjoyed at the Dargo River Inn, courtesy of Kelly and Hendo.

Looking forward to seeing you all next Wednesday at the Dargo Neighbourhood House for the **Cancer Councils Biggest Morning tea commencing at 1100.**

Power Saving Bonus Outreach Program

As I mentioned in my 'Introduction', the below information is the Victorian Government's initiative and I encourage those who meet the criteria to contact me and I will happily assist with the online application.

Call 5140 1333 or email dnh333@bigpond.com for further enquiries / booking.

Closing date for the Power Saving Bonus is 30th June 2022.

Neighbourhood Houses Victoria and Good Shepherd have partnered to help eligible community members apply for the State Government's \$250 Power Saving Bonus.

This one-off \$250 payment is designed to help ease the cost of living for eligible Victorian households during the pandemic.

Applications for the Power Saving Bonus are made online, however we understand that many people in our communities either lack access to devices or internet, or lack confidence and skills in using technology.

To ensure no one gets left behind, neighbourhood houses across the state are ready to help people complete their Power Saving Bonus application.

What is the \$250 Power Saving Bonus?

The \$250 Power Saving Bonus is a one-off \$250 payment which provides direct support to Victorian households experiencing power bill stress during the coronavirus pandemic.

It is available to over 900,000 eligible Victorian households with at least one eligible concession cardholder.

Who is eligible for the Power Saving Bonus?

To be eligible, you must meet the following eligibility requirements:

- Be a Victorian residential energy consumer (i.e. have a residential electricity account)
- Be receiving payments under one of the following concession programs:
 - ◊ Centrelink Pensioner Concession
 - ◊ JobSeeker, Youth Allowance, Austudy or Abstudy
 - ◊ Department of Veterans Affairs Pensioner Concession
 - ◊ Or hold a Department of Veterans Affairs Gold Card

Holders of Health Care Cards who are not recipients of Youth Allowance, JobSeeker, Austudy or Abstudy are not eligible.

When can eligible households apply?

Eligible households can apply anytime now up until 30 June 2022.

How many people per household can apply?

Only one payment is available to each household.

How do I apply for the bonus?

Applications are made online. If you do not have access to, or are uncomfortable using technology, get in contact with one of our [Power Saving Bonus Outreach Providers](#).

What do I need for the application process?

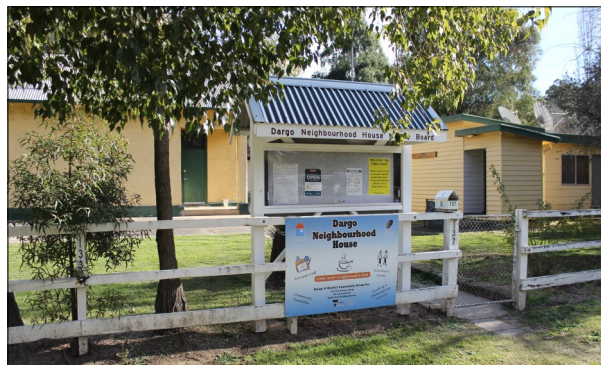

When you come to us to submit your application, there are a few things you need to bring with you:

- A copy of a recent electricity bill
- Your 'NMI' number (this is located on your bill and is typically a 10 or 11 digit number)
- Your card number for your Pensioner Concession Card or Health Care Card (for JobSeekers, Youth Allowance, Austudy and Abstudy recipients)

Be sure to keep a copy of your NMI and your application reference number as you may need this information for further communications about your application.

How long does it take to receive the Power Saving Bonus?

If you meet the eligibility and documentation requirements, you should receive your \$250 payment via Electronic Fund Transfer (EFT) within two to three weeks of submission. If you request payment via cheque, this should be received within four weeks.

The **Dargo Neighbourhood House** is supported by DFFH Vic. We are members of the East Gippsland Network of Neighbourhood Houses (EGNNH), Neighbourhood Houses Vic (NHVIC) and Community Newspaper Assoc. of Vic (CNAV)

Community Lunch

Such a happy and relaxed vibe during our May Community Lunch held on the 5th!

We celebrated Keith's 80th Birthday and it was lovely for both him and Doreen to be surrounded by friends 🍰 🎂 🥳

Thank you so much to Margie and Nathan for coming to our Lunch from Bairnsdale Regional Health Service, Pharmacy Department and educating us on the importance of medication safety!

Kellie and the team at the River Inn did a great job with our delicious meals, thank you so much!!

Toni Arfaras from the Stroke Foundation spoke, via zoom, about recognising the signs of stroke and prevention strategies - such valuable information! Did you know that 1 in 4 people will experience a stroke in their lifetime AND stroke can happen at any age?

Key points from Toni's presentation were to have your blood pressure and cholesterol levels checked regularly 😊

Stay tuned for some news on possibly being able to have all 3 cholesterol indicators checked at the Bush Nursing Centre soon! 🤔 🧐 🩸 🩺

Thanks to all who came along and to ConnectWell Gippsland for generously providing us with a grant for the Lunch 🙌

IF YOU HAVE ALREADY BOOKED WE WILL
PHONE YOU WITH A TIME

COVID positive cases have been in Dargo and there's a possibility of more cases in the weeks ahead during our tourist season.

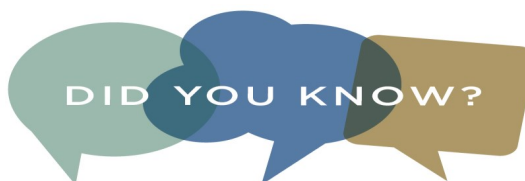

This may effect how the BNC operates and we will keep you all updated as best we can.

In the event that our staff are impacted by known COVID cases in the area, the BNC may need to "close the doors" and continue services via phone or out the front whilst people remain in their vehicles.

We are constantly reviewing our COVID Safe Plan but please be reassured we will continue to provide all essential services to those in Dargo who need it.

We have RAT's - Rapid Antigen Tests available for sale to non-members and free for members.

PLEASE REMEMBER TO WEAR YOUR FACE MASK INTO THE CENTRE

Our **Fluvax Clinic** will be held on **Wednesday 25th May**. We will contact you with a time and if you have already booked in! Otherwise please phone us to book.

Our **Winter COVID Vaccination Clinic** (for over 65's) will be held around the 8th June. We will confirm this with those who have booked in closer to the date.

The **Winter Christmas Lunch** will be held on **Friday 22nd July!!**

Do you require a BreastScreen?

We are in the process of organising a free bus through BreastScreen Victoria, that will travel from Dargo to Sale and back, for women needing a screen. We will be organising a group lunch during this trip in Sale.

This is being planned for the end of May on a Tuesday. If this is something you'd be interested in, please let us know on 5140 1246

Do you require someone to help you around your house with cleaning and maintenance?

We now have a couple in Dargo that can provide these services!

Anyone with a Home Care or NDIS Package can access this service for free, or you can set up an arrangement privately.

Please contact the BNC if you'd like to know more information.

*We encourage you to please speak with any of our **Committee of Management** members if you want to discuss any issues about the BNC. We welcome all feedback and strive to incorporate any suggestions/improvements you give us into our service.*

CHIMNEY CHECK IS CRUCIAL FOR WINTER SAFETY

CFA is urging residents to keep themselves safe by checking and maintaining their fireplaces, chimneys, fireboxes and flues.

Firefighters respond to numerous chimney fires every year that start from fireplaces and wood heaters.

In 2021, CFA firefighters responded to 130 chimney fires, almost half of which occurred during the winter months.

CFA Chief Officer Jason Heffernan urged Victorian households to have chimneys professionally cleaned annually to avoid the build-up of creosote – a highly flammable black tar-like residue – that could clog chimneys.

“Winter is the perfect time to curl up in front of a warm fire, but chimney fires can quickly turn into house fires,” CO Heffernan said.

“Spending a few minutes now to check your chimney could be one of the most important fire safety actions you take this season, and you can easily check for creosote build-up or obstructions by simply using a torch before lighting a fire.

“Creosote is caused by general use but can also build up faster if you are using incorrect fuels such as green wood or treated timbers, so make sure you only burn dry, clean wood to reduce the risk of fire starting from a fireplace or wood heater.”

“We also urge everyone to always extinguish their fire before going to bed or leaving the house.”

CO Heffernan said it is also important to ensure gas heaters are being used safely and correctly, and urged Victorians to have their gas heaters inspected and serviced by a qualified technician every two years to avoid a fire or carbon monoxide poisoning.

“The colder months are some of the riskiest times of the year for fires in the home, and most of these fires can be prevented,” he said.

“Taking a few moments to check your heaters and fireplaces before winter sets in could mean the difference between life and death for your family.

“It’s important to remember that no matter the season, having interconnected smoke alarms in all bedrooms and living areas can provide vital seconds to allow you and your family to escape in case of a fire,” he said.

Chimney and heating tips

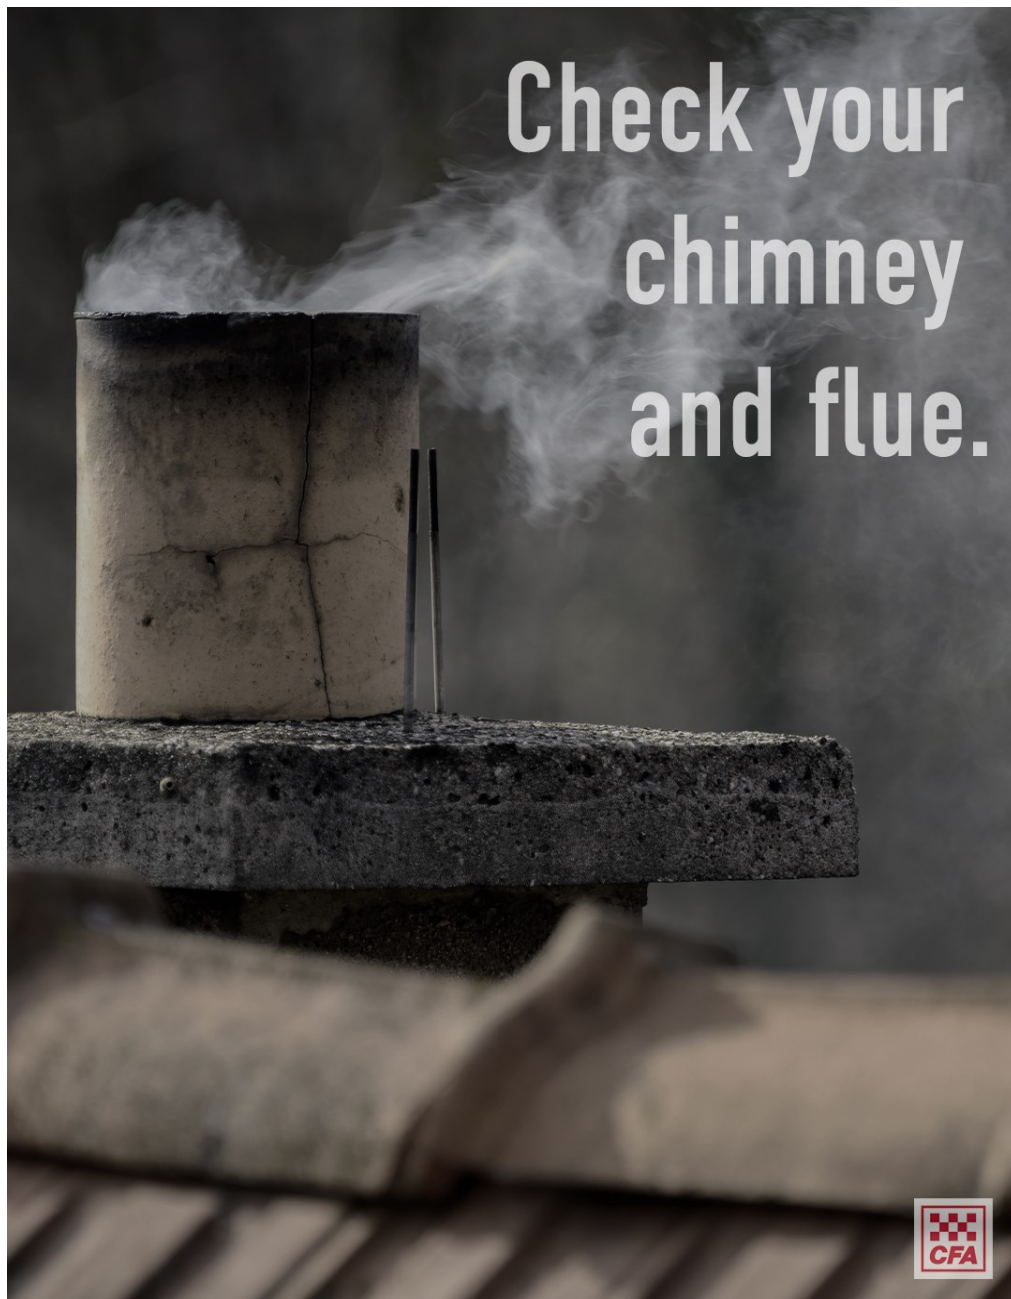

- Have chimneys cleaned annually and gas heaters inspected and serviced every two years.
- A secure guard or fireproof screen should always be used to prevent sparks and wood from falling out of the fireplace and causing a fire or burn injury.

- Never dry clothes or have flammable items such as curtains close to a heater or open fire – make sure they are positioned at least one metre away and constantly monitored to reduce risk of a fire.
- Children and pets must be supervised near all types of heating. Maintain a safe distance between children and heating.
- Always extinguish any open flames, and turn off heaters before going to bed or leaving the house.

Community Garden Project

Growing Dargo Together - Working Bee

A working bee has been organised for Saturday 4th June commencing at 0900 at the Dargo Neighbourhood House to work towards finalising the community garden.

The community garden is for all to use and enjoy, not just for members of individual groups, but for all the community.

So please consider coming on down and work with others towards finishing this well thought out project. We are almost there, however just need a few more to help complete the last wicking bed, greenhouse construction and weeding etc that is required to be performed.

There will be a BBQ on completion. Look forward to a good turn out.

Note:

One aim of a community project such as this, is to attract volunteers to work together cooperatively for a common purpose.

It is hoped that more volunteers who come down to the community garden will become even more environmentally aware as they see their seed propagation working and learn about and appreciate their local flora.

Everyone is welcome.

Australian Slang Phrases

Lobster, Pineapple, Gray Nurse

Australians don't barter with lobsters and pineapples, but most have had at least one friend ring them up (or hit them up at the pub) to lend a lobster or a pineapple.

The \$20 note being a sparkling red (lobster) and the \$50 note being bright yellow (pineapple) lends itself to the phrase.

The \$100 note, a blue gray, has now been named after a shark (grey nurse).

The less important \$5 and \$10 notes are often referred to as past international sporting stars -- Pam Shriver (fiver) and Ayrton Senna (tenner).
