The purpose of this letter is to inform all of our customers that we are aware and compliant with the Consumer Product Safety Improvement Act of 2008 (CPSIA), also referred to herein as the "Act". We do have on file certificates for all goods produced and these certificates are available by request. Pursuant to the "Act" requirements, certificate retention is equal to each specific items expected life cycle. Please note we have always developed our products with our customer's safety in mind, even well before the CPSIA Act of 2008 was implemented and will continue to do so for the benefit of all. As you can well imagine, products can vary and in some cases will have specific requirements under the CPSIA, and we are happy to answer any of your questions about what is required for your products.

Thank you for your continued patronage.

Sincerely,
Colorado Trading & Clothing Company
