

AllSouth Credit Union

Corporate Headquarters and Branch Location
Columbia, South Carolina

The new 60,000 SF corporate headquarters and credit union branch for AllSouth Credit Union in Columbia, SC is a steel framed building with brick exterior.

Scope included distribution ductwork, VAV Zone system, general building exhaust, Trane Intellipak commercial rooftop air conditioners, Controls System and mini-splits.

The WOB Project Management team delivered pre-construction solutions to assist with HVAC planning, design and budgeting.
