

Valuation Services

Whether you are considering selling or merging, transferring wealth, experiencing shareholder disputes or dissolving a marriage, MCM CPAs & Advisors helps make clear decisions in these complex financial situations by giving them the analysis and knowledge they require.

MCM has a dedicated team of professionals that focus their practice on valuation and consulting engagements. In addition, MCM has more than 15 team members who are recognized by the American Institute of Certified Public Accountants as Accredited in Business Valuation (ABV), and/or by the National Association of Certified Valuation Analysts (CVA). Our professionals have backgrounds in audit, financial accounting and tax services, as well as specific industry expertise, so our process goes beyond applying simplistic rules of thumb in order to provide an accurate value for the distinct business interest. MCM's team approach typically includes a credentialed valuation analyst and team members with relevant industry, accounting and tax expertise, allowing for comprehensive insight and perspective.
