**George Madsen(1934 - 2018)**

Madsen, George George E. Madsen, 84, born March 15, 1934 in Fresno, CA, died October 21, 2018 at home. He leaves behind his wife Sandy, daughter, Vivian Ryan (Don); granddaughter Laura, USAF (Chase Mattingly, USAF) and new great granddaughter Harper Elizabeth Mattingly; granddaughters Amber, Kendra and Eileen; daughter Cheryl Knobbe (John) and granddaughters Olivia and Estella; and extra daughter Gini Chubbuck Kenwisher (Gary) and her son Cameron. George Madsen received a BS and a MS from Cal Tech in Civil Engineering. He was a very dedicated Civil Engineer, Public Health Service, Flood Estimator, Hydrologist for Arctic Health Research in Alaska and designed and built experimental housing; did Sewerage Survey for Northern San Diego County; he was City Engineer and Public Works Director for the City of Costa Mesa; introduced double left-turn pockets in the City of Costa Mesa; worked on street development projects around South Coast Plaza via Segerstrom family; created mound/mountain at TeWinkle Park; was in charge of the engineering research and restoration of the Adobe at Estancia Park. George was active in engineering societies and very devoted to and active in the Presbyterian Church of The Covenant, especially doing engineering in the building of the church buildings, parking lots, walls, furniture. George was a strong family man, teaching, working with the girls; camping, fishing, canoeing, skiing; their sports, colleges, and especially loved his granddaughters, their schooling and sports, always there for us and others. Services at PCC Sunday, November 18, 2018, 1:30pm, 2850 Fairview Road, Costa Mesa. In lieu of flowers, donations can be made to the Church Capitol Improvement Campaign or your own choice.
