Dear resident or business owner,

Pedestrian safety improvement works on Bay Road in Sandringham

We're improving safety along Bay Road in Sandringham, as part of the Victorian and Australian Government's \$19.5 million Pedestrian and Safer Schools Initiative.

This initiative focuses on delivering infrastructure upgrades to improve safety near schools, shopping strips and busy intersections across metropolitan Melbourne – to reduce road trauma and save lives.

What we're doing

To make the road environment safer for pedestrians, cyclists and local school children, we're:

- extending the length and hours of the current school speed zone on Bay Road near Sacred Heart Parish School to include the Bay Road shopping strip.
- introducing a safer 40km/h speed limit between Station Street and Nelson Street, from 8am to 8pm daily.
- upgrading existing electronic speed limit signs by connecting them directly to power, so they can operate for longer hours.

Please see the map on the back of this letter for the location of the 40km/h speed limit.

What this means for you

Works are expected to start on Monday 12 July and be completed by the end of July, weather permitting.

Crews will be on-site weekdays (Monday to Friday) between 9.30am and 3.30pm.

During works, there will be:

- a temporary lane closure and reduced speed limits in place for the safety of our crews.

During the construction period, you may notice the electronic speed limit signs on Bay Road are not operating. Please obey the speed limit displayed on the static signs, while we work to connect power onsite.

If you're travelling through the area, keep an eye out for changed traffic conditions, plan ahead and allow for an extra five minutes travel time.

We thank you for your patience while we complete these important safety improvements.
