## **NORTHSTAR ANNOUNCES \$2 MILLION NON-BROKERED PRIVATE PLACEMENT**

VANCOUVER, British Columbia – April 6, 2023 – Northstar Clean Technologies Inc. (TSXV: ROOF, OTCQB: ROOOF) (“Northstar” or the “Company”) is pleased to announce a non-brokered private placement of up to 13,333,333 units of the Company (each, a “Unit”) at a purchase price of \$0.15 per Unit for aggregate gross proceeds of up to \$2,000,000 (the “Private Placement”).

Each Unit will consist of one common share of the Company (each, a “Common Share”) and one Common Share purchase warrant (each, a “Warrant”) of the Company, with each such Warrant entitling the holder thereof to acquire one additional Common Share (each, a “Warrant Share”) at an exercise price of \$0.20 per Warrant Share for a period of 36 months following the closing date of the Private Placement (the “Closing Date”), subject to an acceleration right whereby, if during the period beginning four months and one day after the Closing Date, the Common Shares trade on TSX Venture Exchange (“TSXV”) at or above a volume weighted average trading price of \$0.75 per Common Share for a period of 10 consecutive trading days, the Company may accelerate the expiry of the Warrants by giving notice to the holders thereof (by disseminating a news release advising of the acceleration) and, in such case, the Warrants will be deemed to have expired on the day which is 30 days after the date of such notice.

Finder’s fees may be payable pursuant to the Private Placement.

All securities issued in connection with the Private Placement will be subject to statutory hold periods in accordance with applicable securities legislation. While the Company has received conditional approval of the Private Placement from the TSXV, closing remains subject to final acceptance. The Company intends to use the proceeds from the Private Placement for development of the Calgary Empower Facility, testing at the Empower Pilot Facility, working capital, and general corporate purposes.

None of the securities sold in connection with the Private Placement will be registered under the United States *Securities Act of 1933*, as amended, and no such securities may be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This news release shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation or sale would be unlawful.

**About Northstar**

Northstar Clean Technologies Inc. is a Canadian-based clean technology company focused on the sustainable recovery and reprocessing of asphalt shingles. Northstar has developed a proprietary design process for taking discarded asphalt shingles, otherwise destined for already over-crowded landfills, and extracting the liquid asphalt for use in new hot mix asphalt, shingle manufacturing and asphalt flat roof systems, and aggregate and fiber for use in construction products and other industrial applications. Focused on the circular economy, Northstar plans to reprocess used or defective asphalt shingle waste back into its three primary components for reuse/resale at both its Empower Pilot Facility in Delta, British Columbia and its first commercial scale up facility in Calgary, Alberta. As an emerging innovator in sustainable processing, Northstar's mission is to be the leader in the recovery and reprocessing of asphalt shingles in North America, extracting the recovered components from asphalt shingles that would otherwise be sent to landfill.
