To: Chair of Trial Steering Committee & SNAP Lead Investigators

Re: DSMC Letter – Second Interim Analysis

Dear A/Prof Zoe McQuilten, Prof Joshua Davis, Prof Steven Tong,

The Independent Data and Safety Monitoring Committee (DSMC) for the SNAP Trial met on November 6, 2023 to review its progress and interim accumulating data. DSMC members David Huang, Jason Connor, Thomas Holland, Joanne Langley, and Erin McCreary attended the meeting and reviewed both an open and closed report, with the aid of the statisticians who generated the second interim analysis reports.

The DSMC commends the investigators on the enrollment speed and the importance of the trial questions. On the basis of the totality of the data reviewed at this stage, we recommend continuing the trial according to protocol with no changes.

We anticipate next reviewing trial progress and data in February 2024, at the next DSMC meeting.

Yours sincerely,

A handwritten signature in cursive script that reads "David T. Huang".

David T. Huang, MD, MPH
Chair of Independent Data and Safety Monitoring Committee

On behalf of the DSMC (all members listed below):
Jason Connor, PhD
Thomas Holland, PhD
Joanne Langley, MD
Erin McCreary, PharmD
