

	Triton, Aire-O2, Argos SBR, Tri-Oval
	Omnivore™ High Solids Anaerobic Digestion, Nutrients and Digestate Management
	Analyzers – WW: nitrate, nitrite, ammonia, and ortho phosphate, DO; DW: Chloramination, iron, manganese, nitrate, hardness, color, and organics. Water Level Sensors, Water Quality Sensors, Flow Monitoring and TSS
	Clarifiers, Gravity Sludge Thickener, ClearFlo SBR, ClearFlo Continuous Loop Reactor, Digester, ClearFlo Jet Aeration
	MEMPAC Stainless Steel MBR Package Plant, PRIMEPAC™ Primary/Secondary Waste Water Package Plant, DRYPAC Sludge Handling Package Plant
	OxyStrip, OxyTube & OxyDisc Diffusers
	FibrePlate™ (MBR)
	G-O™ Medium Bubble Diffusers, Full Aeration System (including valves and piping from blower to air release), Airlift Pumps, Clarifiers - Bridge and Pier Supported Hydraulic Differential and Plow, Reactor Clarifiers, Aerated Grit Removal, Aerobic Digester Systems, Circular Gravity Thickeners
	Screw Presses, Rotary Screen Thickeners (RDT), High Solids Screw Thickener, Skid Units
	UV Disinfection (Vertical, Horizontal, In-Vessel Systems & NONCON (Non-contact)
	SCADA – Cloud based SCADA for water and wastewater
	ACTIFLO, ACTIFLO Carb, Wet Weather BioACTIFLO, Hydrotech Discfilter, Neosep MBR, AnoxKaldnes MBBR/IFAS, Deammonification ANITA Mox, BioCon, BIOSTYR BAF, BioThelys THP, Activated Sludge Oxidation Ditch, Stamo Agitator, Struvia, Ecrusor Depackaging, BioMet Co-digestion, PFAS Treatment
	Screw & Rotary Lobe and Magnetic Bearing Blowers
	Headworks - Fine & Course Screens, Grit removal - CONT-FLO, ROTARC, ESCALATOR, ELEVATOR, MECTAN, SAM Type GDW/GFW, ROTOPAC Polymer Prep: HydraPol
	EcoCycle SBR and Jet Aeration
	Tube Settlers, Lamella Clarifier equipment, Chain and Flight Sludge Scraper
	Lagoon Treatment Technologies – covers, floating baffle systems, BOD removal

Air Release Valves: dual, deep well, midget, pressure, and universal.
Air Release Valve Waste Water: air, air & vacuum sewer, pressure sewer, combination sewer & universal sewer.
AWWA Butterfly Valves: up to 168"
Eccentric Plug Valves: both reduced and full port designs.
Check Valves: foot, rubber flapper, swing check, tilting disc. Ludlow-Rensselaer.
Gate Valve: 3" – 108"

Gas Engine (powered by biogas)

Grit/Sand Washer

Belt Filter Press

Chopper Pumps, Axial/Recirculation Pumps, GasMix, BioMover, PowerMix, Submersible Mixers, Venturi AirJet, BioChop

Direct Drive, Top Entry Open Tank, Closed Top, Heavy Duty, Side Entry Mixers and Agitators Inline Static Mixers

Bosman® Plate Aerators™, Grit Cyclone & Classifiers, Soniblend™ Liquid Poly Feed Systems, Manual Screens & Screen Boxes, Draft Tube Mixers, Structural Steel (Walkways, platforms, stairs, etc.)

Aeration Control Valves

Odor Monitoring

Ozone

Sluice/Slide/Shear/Stop Gates, Stop Log Assemblies, Flap Gates, Telescopic Valves, Mud Valves

Odor Control for Confined Spaces

Wave Separator Thickener, Multi-Disc Press, Rotary Screen Conditioner, DAF

Water.
Process.
Solutions.

Nanofiltration (NF), Reverse Osmosis (RO), MF & UF, MBR, Ion Exchange, Pressure Filters & Gravity Filters (horizontal & vertical), Chem Feed, Disinfection, Membrane Cleaning, GAC Contactors

FormWork, A PVC Stay-In-Place Concrete Wall Forming System

Chemical and Polymer Feed Systems
