
CLIENT: **DRA**

**DEVELOPING
LEADERS TO HELP
COMPANY CULTURE
THRIVE.**

SECTOR

Mining

DRA

THE CHALLENGE

We helped DRA Global rollout their newly created corporate values so that they resonated locally.

OUR WORK

Stakeholder Workshops

Instructional Design

Personality & Team Profiling

Cultural Levers

Leadership Development

Communication Cascade

THE STORY

The ability to work with different acquired company cultures was key along with the ability to deliver leadership development and mindset change components.

We supported DRA by locally designing and delivering a series of workshops that included values alignment, leadership development and the creation of a new team charter that worked for the Australian market.
