“How to help patients with CKD in your primary care office”

February 27, 2024
12:00 PM – 1:00 PM CST
A WCHQ Webinar Event

[Register](#)

This WCHQ event is open to the public. Registration is required but there is not a fee to participate.

Contact jkoberstein@wchq.org

Featuring: Bret Pasiuk, MD, FASN

Bret Pasiuk, MD, FASN will explain the importance of CKD screening, detection, and early treatment. He will also walk through WCHQ's Chronic Kidney Disease Toolkit for Primary Care and explain how to use it in a primary care setting.

Dr. Pasiuk is a nephrologist at SSM Health, Fond du Lac Regional Clinic. He is board-certified in internal medicine and nephrology and serves on the board of directors for the Wisconsin Medical Society. In addition to a busy chronic kidney disease, inpatient nephrology and outpatient dialysis practice, Dr. Pasiuk has expertise in delivering nephrology care during natural disasters and is co-author of "Practicing Medicine Onboard the USNS COMFORT in the Aftermath of the Haitian Earthquake," Annals of Internal Medicine. He serves as a member of the WCHQ CKD Advisory Group and was instrumental in developing the CKD Toolkit.
