

WCHQ Childhood and Adolescent Immunization Toolkit

April 30, 2024
12:00 PM – 1:00 PM CST
A WCHQ Webinar Event

[Register](#)

This WCHQ event is open to the public. Registration is required but there is not a fee to participate.

Contact info@wchq.org

Featuring: Margaret Hennessy, MD

Margaret Hennessy, MD will explain the importance of building trust, message delivery, listening to patient/parent concerns and providing accurate resources as parents make immunization decisions. She will also walk through WCHQ's Childhood and Adolescent Immunization Toolkit for Primary Care and explain how to use it in a care setting.

Margaret Hennessy, MD, Pediatrician since 1999. Chair of Pediatrics at Ascension All Saints. On the steering committee for Immunize Wisconsin, a member of the Wisconsin Council on Immunization Practices, Chapter Immunization Representative for the Wisconsin Chapter of AAP, Chair of the immunization committee for my hospital, a member of the Childhood and Adolescent Immunization Improvement Team for WCHQ, and a frequent speaker on immunization topics and was instrumental in developing the toolkit.

Funding provided in part by Wisconsin Department of Health Services Maternal and Child Health Bureau, Title V MCH Block Grant
