

Pigshill and Clarrick Woods CIC

Kingsand 04-12-2022

Dear John,

I Daniel Alvarez, Director of Pigshill and Clarrick Woods CIC hereby give notice to the Maker with Rame Parish Council that we have been asked by CORMAC to remove a group of ash trees near the Maker Junction and another single ash tree near St. Julian's Well. The work to remove those trees must conclude no later than the 14th of January 2023. The trees are a safety concern because they have advanced dieback disease and are alongside the main road, presenting a danger to people in passing vehicles.

I enclose the original correspondence from CORMAC.

All the best,

Daniel Alvarez

Pigshill and Clarrick Woods

Director
