FUNAI ELECTRIC Co., LTD To Host First-Ever Exhibit at PACKEXPO 2022 October 23-26 Chicago, IL USA

Osaka, Japan, 15 October 2022: At PACKEXPO 2022, Funai Electric Co., Ltd., will be exhibiting the new **Zion Cartridge**, the printing industry's only long-throw, high-resolution Thermal Ink Jet (TIJ) cartridge for uneven, recessed, and round surfaces. PACKEXPO, an international exhibition featuring solutions for the global packaging industry, will be held in Chicago, Illinois, USA, from October 23rd to 26th (local time).

In 2013, Funai Electric Co., Ltd., acquired the TIJ printer business from Lexmark International, Inc. Funai now develops and manufactures TIJ cartridge and printer solutions for OEM, commercial, and industrial markets.

The Funai Booth at PACKEXPO (Booth #27051 / West Hall) will feature the industrial family of Funai TIJ Cartridges, including the exclusive new **Zion Cartridge** that features a print gap of up to 12 mm. In addition, the booth will feature **Zion Cartridge** demonstrations on multiple new TIJ printing solutions from several of Funai's flagship printer hardware partners.

PACKEXPO, which is held annually, is considered one of the world's largest trade shows dedicated to product packaging and coding, is expected to draw over 40,000 visitors and 2,000 vendors. Additional details can be found at ※<https://www.packexpointernational.com/>
